Mr. Tician Papachristou, A.I.A.
1755 Glenarm Place
Denver 2, Colorado

Dear Mr. Papachristou:

The Board of Directors of The American Institute of Architects takes pleasure in informing you that it has acted favorably on your application and welcomes you to corporate membership in The Institute.

In the near future, you will receive some literature regarding The Institute, which we hope you will find of interest, and a Lapel emblem.

In approximately two months you will receive a certificate of membership, either directly from The Institute or through formal presentation by the Chapter, depending on the chapter's policies in such matters.

You are assigned to the Colorado Chapter of the AIA, effective April 15, 1965.

I sincerely hope that you will take an active and interested part in your Chapter activities. The Chapter is the cornerstone of The Institute's strength where the policies which advance our profession are developed. Members who are active in Chapter affairs gain the most from AIA as professional men and provide the leadership which AIA needs to meet the challenges and opportunities which the future holds for architecture.

I want you to know that The Secretary's Office is at your service to the fullest extent of its powers.

By direction of The Secretary.

Sincerely yours,

William H. Scheick, A.I.A.

Dear Miss Light:

Since I am now licensed and working in New York, I would like to request transfer to the New York Chapter of the American Institute of Architects.

I would appreciate if you could assist me in the necessary steps required to make such a transfer.

By copy of this letter, I am also informing the national office of this request.

Thank you.

Dear Mr. Papachristou:

Your request for transfer was referred to the Executive Committee of the Chapter at today's board meeting.

The result was that the board feels it has no jurisdiction to either approve your transfer or fulfill your request, since you have not been paying chapter dues for several years, nor been carried on the Chapter's roles since 1967.

If you would approve making up the years of dues delinquent, you could then be transferred as a member in good standing to NYC. Otherwise, the decision would be that you are not in good standing, and cannot, therefore, be transferred.

A check of your records shows a balance in dues owing as follows:

1967	\$64.61	
1968	75.00	
1969	75.00 Chapter	
	<u>40.00 State</u>	
	\$254.61	total due

We will await your decision in this regard.

Sincerely,

Barbara L. Light,

Re: Tlician Papachristou - Request for Transfer

We have had on file your letter to Mr. Papachristou of November 20th. Has he ever paid the dues to you?

If he hasn't, something should be done about his membership. Either the Chapter should recommend his membership termination for nonpayment of Chapter dues, or, you should consider the matter further and maybe waive a part of the dues and send him a revised statement.

You state in your letter that the Chapter has not carried his name on your rolls since 1967 and it is for that reason that we think an adjustment in his dues should be made. His name must have been dropped by mistake since we find no evidence of his membership ever being terminated, or transferred, or that a resignation from him was ever accepted by the National Secretary. Under the circumstances, how is he expected to pay chapter dues if he was not billed for them or even regarded by the chapter as a member? Of course, there may be more to this than meets the eye, but we have to be mainly concerned with the facts of his membership.

The problem we're faced with as the situation now stands is *that* he is a member of the Colorado Central Chapter regardless of whether or not the Chapter accepts that.

COLORADO CENTRAL CHAPTER / AMERICAN INSTITUTE OF ARCHITECTS

FEB. 16

DEAR MAUREEN:

Time is short, so a quick reply to yours of Feb. 12 re: Papachristou will have to suffice.

I sent you the opinion of the Exec. Comm regarding his membership, and payment in full of back dues owed according to their desire.

Part of the reason these things occur is members leave the state and never notify us of any forwarding addresses, nor do they request transfers, etc. We're not mind readers here either. His lack of communication with the board is the reason that statement was sent.

The Chapter accepts the fact he's still now a member of the Central Chapter, and upon receipt of his payment of back dues will transfer him in good standing as directed, otherwise not.

Hope the above suffices for now.

Best personal regards,

Barbara Light,
Exec. Sec'y

P.S. Perhaps I can convince them that only 1 yr. will suffice for payments of '69 - will try & advise you further

Dear Margot:

I write on behalf of my friend and associate, Tician Papachristou, who is interested in becoming a member of the New York Chapter of The American Institute of Architects.

Mr. Papachristou became a corporate member of the Colorado Chapter of the A.I.A. in 1956, and left Colorado to come east in 1965. Having left the area with no intention to return, he has not paid any Chapter dues from 1967 to the present. However, he has paid all of his national dues in the interim and is paid up as of this date.

In the light of the foregoing, I don't know what procedures are necessary in order to have him entered upon the rolls of the New York Chapter, but I would appreciate your guidance.

Sincerely yours

Dear Mr. Gatje:

I have received your letter of May 28 and would like to let you know that a Notice of Request for Transfer for Tician Papachristou was mailed to us by the Institute on October 20, 1969. This is a transfer from the Colorado Central Chapter-AIA to the NYChapter-AIA. On November 13, 1969, I informed the Institute of the transfer and advised that it met with the approval of the Executive Committee of NYCAIA.

Evidently, the Colorado Central Chapter has not yet released Mr. Papachristou, that means that they would have had to write to the Institute informing them that he is in good standing.

This is nothing new in my long years of experience with the smaller chapters that do not have a chapter office; such delays in transfers are quite common.

A copy of our letter to Maureen Marx today is attached.

Dear Maureen,

On October 20, 1969 you sent us a notice of transfer for Tician Papachristou from Colorado Central Chapter to NYChapter-AIA. On November 13, I wrote and informed you that the Executive Committee at their meeting on November 12th approved the transfer. Since then, we have not heard from you.

I am forwarding to you copy of Mr. Gatje's letter requesting the steps to take in order to have Mr. Papachristou transferred to the NYChapter-AIA.

I informed him that the NYChapter has approved the transfer but that further notice has not been received from the Institute. Would you mind very much getting in touch with the Colorado Central Chapter and requesting them to speed up the matter. Anything you can do in this matter will be greatly appreciated.

Dear Mr. Papachristou:

Your request for transfer dated October, 1969, and reply of the executive committee of the Chapter dated November 20th, have again come up for discussion. To date, the ec has not received a response to their query of last year relative to your reinstatement and payment of back Chapter dues.

Decision was reaffirmed at their June 18th meeting, that some compensation for back Chapter dues must be forthcoming before your transfer in good standing can be completed to the New York Chapter.

While the amount may be open to negotiation, until the executive committee receives some comment from you in that regard, and reply to their November letter, they feel they must hold your transfer in abeyance.

If you have any further questions, please write to the Chapter's secretary, Mr. Robert Murrin, AIA, 1626 High St., Denver, Colorado 80218--who was at the board meeting when the above action was again taken. Since I will be out of town on vacation, this might expedite your transfer during the summer.

Dear Mr. Papachristou:

The Colorado Central Chapter Executive Committee again reviewed your request for transfer and your letter of 8 July, at their last meeting held on August 18th.

It was determined at that time to waive partially some of the back dues owed the chapter, and approve your transfer in good standing pending receipt of \$139.61 as settlement in whole.

If the above meets with your satisfaction, we will complete processing as soon as possible after your check is received.

We hope this will bring to a mutually agreeable conclusion the matter of your transfer to NYC chapter AIA.

(SECRETARY)

THE AMERICAN INSTITUTE OF ARCHITECTS

March 5, 1980

Mr. Tician Papachristou, FAIA
190 East 72nd Street
New York, New York 10021

Dear Mr. Papachristou:

I have the pleasure of informing you that the Jury of Fellows advanced you to Fellowship in the Institute at its recent meeting for your notable contributions to the advancement of the profession of architecture. With this action, you are also admitted to the College of Fellows.

The newly advanced fellows will receive their medals at the Investiture of Fellows which will be held on Monday, June 2, 1980, at the Netherland Hilton Hotel, Hall of Mirrors, Cincinnati, Ohio, where the Institute's Annual Convention will take place on June 1-4. Details about this event will be sent to you in the near future.

The Officers of the Institute and the Jury of Fellows join me in the hope that you will be present to receive this honor. Please send your reply to me at your earliest convenience.

I take this opportunity to express my personal congratulations and good wishes.

Sincerely yours,

Robert M. Lawrence, FAIA
Secretary

SECTION I. DIGEST OF CAREER AND ACHIEVEMENTS
TICIAN PAPACHRISTOU New York, New York

- (a) Tician Papachristou has made important contributions both to architecture and urban design during a career that spans twenty five years. He has also won distinction as an author and educator.

Mr. Papachristou received his formal training at Princeton where he earned both his B.A. (summa cum laude) and his M.F.A. He credits two men with having given discipline and foundation to his work: Jean Labatut, his teacher and mentor at Princeton and Marcel Breuer with whom he collaborated later on.

Tician Papachristou's work corresponds to the three phases of his professional career: the first decade, as principal in his own office in Colorado; the second decade, collaborating with Marcel Breuer as one of his partners in New York; and the last five years as a partner of MBA, the successor firm following Breuer's retirement.

1. From the beginning, in Colorado, Papachristou pursued his dual interest in architecture and planning. Eager to explore, he approached his early houses (about a dozen) as a series of personal interpretations, finding for each project its own idiomatic form, derived from the particulars of each client, program and site. Notable among these are the Wallbank House in Denver, honored with a Colorado Chapter AIA award, and the Newkirk House in Boulder. These and other houses of that time drew the early attention of local and national publications for their fresh and innovative approach. During this same period Papachristou was in the forefront of an early movement to revive the central city. In a series of significant projects he presented and published specific concepts for the Denver and Boulder downtown districts. Eventually, as a member of an AIA taskforce he made important contributions to the Downtown Denver Master Plan.
2. With Papachristou's decision in 1965 to leave Colorado and join Marcel Breuer in New York he began a completely new phase in his career. The years of successful collaboration with Breuer yielded several outstanding houses and important institutional campuses. Prominent among these is the Campus High School in Boston, a multi-building complex in the inner city district of Roxbury and a pace-setting response to an ambitious program that combined advanced social, educational and urban concepts. Mary College, in Bismarck, North Dakota, on the other hand, is a highly sophisticated version of the traditional college campus - a close grouping of buildings set as an island in the open landscape, making its own environment of protected, internal courtyards.
3. In recent years, Tician Papachristou has devoted much of his time to one major project. He participated in the planning and is the principal architect and urban designer for Sadat City, a new community for a population of 500,000, now under construction in the desert west of the Nile, half-way between Cairo and Alexandria. It is the crowning achievement of his career to date and combines his two principal interests of architecture and urban design. Papachristou's contribution to this vast project has been critical and pervasive. He influenced the basic concepts of the master plan by his vision of a tightly clustered, low-rise desert city appropriate to the Egyptian climate and economy. He established innovative housing standards and set the guidelines for the urban design of the business and government center. Finally, he applied these principles to the design of all of the city's first buildings - almost an entire spectrum of urban architecture.
