Dear Sir: *REF. Institute membership.*

In accordance with your request, I am sending you under separate cover blueprints and photographs of the High Voltage Building of the California Institute of Technology, Pasadena, California, and of the church of St. Vincent Ferrer, New York City.

Mr. Goodhue was the architect for both of these buildings, of course, but I mention them because I had charge of these projects under Mr. Goodhue having prepared the sketches and working drawings for both. In the case of the church of St. Vincent Ferrer, I attended to a great many details of the construction.

If, after you have looked over these blueprints and photographs and find them satisfactory, won't you kindly return them to me?

Very truly yours,

2. Here should follow a description of his work in design, showing special attention to the particular features the proponents believe worthy—

The work designed for Honolulu developed an Architecture indigenous to the Hawaiian Islands, local materials were used, walls reduced to the simplest terms, and built of black lava stone white washed, most of the buildings were grouped around planted courts or Patios and the general theme was to make the Structures subservient to the Islands Vegetation, The work there was instrumental in restoring Shade Trees and Landscaping to the previously denuded business Section of Honolulu. The work on the Indian Reservations is being built of Sticks, Stones, + Adobe Blocks, giving the Indians buildings which they can understand + Built. The Church work designed + built expresses the use of Gothic as a principle, not a Style.

Dear Mr. Rankin:

On December 18, 1951, we received a letter from Mr. Hardie Phillip, requesting transfer to the Pasadena Chapter. Accordingly, we notified you of his good standing on January 18, 1952, after receiving your notice of his request. To date, we have heard nothing further from you, although a letter from Mr. Phillip, received today, states that he is now a member of the Pasadena Chapter. We would greatly appreciate it if you would enlighten us on this matter.

Sincerely,

Gentlemen:

Enclosed are the minutes of the Executive Committee of the Pasadena Chapter, A.I.A., for June.

Also, we have reimbursed our delegate for our share of the Convention expenses (\$156.11). We expect that we will be receiving a check from The Institute soon for delegate's expenses.

We received a letter from Fellow Hardie Phillip resigning from our Chapter because he is retiring from practice and moving to Canada. At our June 23 Executive Committee meeting it was resolved that Hardie Phillip be made a member Emeritus of the Pasadena Chapter upon his acceptance and to recommend to The Institute that he be made a member Emeritus of The Institute.

Sincerely yours,

Secretary. A.I.A.
1735. New York Ave. Washington D.C.:

Dear Sir.

It is with real regret that I have to
offer my resignation from the A.I.A.

Time and failing health have caught up
with me and I am now no longer able to
take part in the active practice of Architecture.

I started my apprenticeship nearly 50
years ago and have enjoyed every year of
my active interest in Architecture.

I have no real regrets and owe the
Profession more than I can ever re-pay.

I shall always be interested in
the activities and progress of the Institute.

It has been a real honor to have been
a Member and a Fellow for so many many years
but I just can't carry on.

I have informed my Chapter of my resignation.
And under separate cover, in today's mail I have
sent my dues for this year.

Many thanks.

Sincerely yours
Hardie Phillip

Dear Mr. Phillip:

The Secretary of the Pasadena Chapter has written to us recently advising of your resignation of membership because you are retiring from practice.

The Chapter has recommended that you be made a Member Emeritus of the A.I.A., instead of accepting your resignation, and if you are eligible, in accordance with either of the items (a) or (b) on the attached form, please fill it in, sign and return it and we shall be happy to give it our best attention.

Members Emeriti are permitted to retain all the rights and privileges of corporate membership in the A.I.A., and the chapters and state organizations to which they are assigned, while being exempted from the payment of further dues to those organizations.

With all good wishes for your new life in Canada,

Sincerely yours,

J. W. Rankin
Administrative Secretary

Dear Mr. Rankin.

Many thanks for your letter of July 16th.
It is quite a shock to have to give up
active practice after so many years
of plugging at Architecture.

I do wish to keep in touch with
A.I.A. affairs so if the Institute will
act favorably on my application for
Membership Emeritus. I shall be
deeply grateful.

Sincerely Yours
Hardie Shiliff
