Re: Paul Robinson Hunter, A.I.A.

To Members of
The Executive Committee, Southern California Chapter, A.I.A.

An architect is advanced to Fellowship in recognition of exceptional ability or of exceptional service. The Jury of Fellows always tries to choose wisely and with discrimination, but it is limited in precise knowledge about the nominees.

To complete Nomination this form must be filled and returned before February 1st. Otherwise, no action will be taken at the forthcoming Jury meeting.

It is the opinion of the Jury of Fellows that a designer, however talented, should not be advanced to Fellowship if he possesses deficiencies of character which reflect discredit upon the profession; and that no architect, regardless of outstanding service, should be advanced if the buildings which he has designed are so notably inferior in architectural design as to reflect discredit upon the profession.

To help the Jury learn such aspects, which are not normally completely supplied through regular nomination procedure, fill in the lines below which in your opinion apply to Paul Robinson Hunter, A.I.A. and return this sheet in the addressed envelope provided.

1. Has he many friends who speak well of him? Yes.
2. Do they also vouch for his accomplishments? Unanimously.
3. Would his ethics be acceptable in business? Yes.
4. What is your opinion of his character? one of our most distinguished members, of impeccable character.

Gentlemen

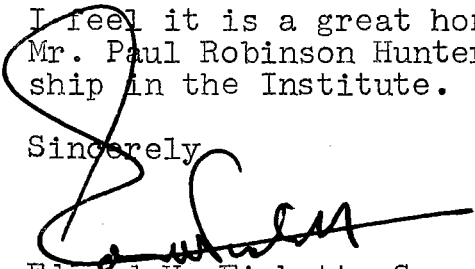

May I take this opportunity to recommend to you
for advancement to Fellowship in the Institute
Mr. Paul Robinson Hunter, A. I. A. of the Southern
California Chapter.

I have known Paul Hunter for over ten years. He
is well known to me as a professional, as an
educator, and as an individual. He has participated
in many of the activities of the church and is also
a member of the Board of Directors of Berkeley Hall
School in Beverly Hills.

As a lecturer and educator, he has given many per-
sonal hours of time to bettering the background and
education of the younger members of the profession.
I personally feel his character and attitude toward
the profession is exceptional.

I feel it is a great honor to recommend to you
Mr. Paul Robinson Hunter for advancement to Fellow-
ship in the Institute.

Sincerely

Gentlemen:

This is written in behalf of the nomination by the Southern California Chapter of Mr. Paul Robinson Hunter for advancement to Fellowship in "Design" and "Service to the Institute."

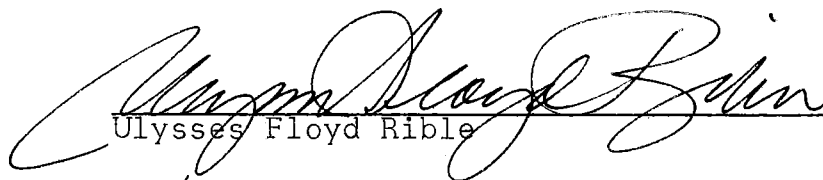

It has been my pleasure to have known Mr. Hunter since we were students at the University of Pennsylvania, and I have watched with interest the development of his architectural practice as well as his performance in service to his profession.

It is assumed that the detailed record of his achievements has been made available to you, but I should like to add this personal word of "second."

I have been active in Institute affairs during the time Mr. Hunter has served on the Institute's Chapter Affairs Committee and during his years of service to the Southern California Chapter, culminating as its president in 1956. I can vouch for his effective leadership.

It is hoped that the Jury of Fellows will act favorably upon Mr. Hunter's nomination.

Gentlemen:

It gives me real pleasure to recommend Paul Robinson Hunter for consideration for Fellowship in the American Institute of Architects.

Mr. Hunter is a careful student and, in my opinion, tireless in his search for the simple, dignified manner of expression. It has been my privilege to view some of Mr. Hunter's work critically, in the past, and I am glad to join others in endorsing him as a man of unusual ability and integrity in his approach to the design problem.

Mr. Hunter is also a gentleman and, in my opinion, an excellent representative of the Institute and what it stands for.

Dear Sirs:

I wish to endorse the nomination of Paul Robson Hunter for Fellowship in the American Institute of Architects.

I had the opportunity at the Seattle convention of the A.I.A. in 1953 to observe how diligently and faithfully Mr. Hunter served his Chapter as a delegate to the convention.

The Southern California Chapter of the A.I.A. gained greater eminence and public recognition under the leadership of Mr. Hunter as president of his Chapter in 1956.

It is with great satisfaction that I write to you in support of Paul Robinson Hunter's advancement to Fellowship in the Institute. His qualifications are many.

Mr. Hunter served admirably as President of our Chapter when Convention was held in Los Angeles. He has been outstanding in Committee work in this area, and has been an articulate critic in design, a lecturer and a writer. In all types of buildings he has designed with originality and marked sensitivity in the selection of materials and detail, especially good taste is evident in all his work.

Gentlemen -

I have been informed that Paul Robinson Hunter has been nominated for elevation to Fellowship in the Institute, and want to give my support to Mr. Hunter.

Mr. Hunter's outstanding designs have included residences, public housing, schools and university work, office buildings and churches. Among these are the Wallace Residence, Art Buildings at the University of California at Los Angeles, churches in Azusa, Los Angeles, Laguna Beach and Anaheim.

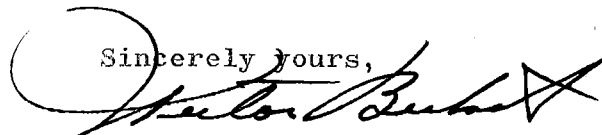

In the educational field he has been connected with the University of Southern California as a lecturer on professional practice and a visiting critic on design, in the school of architecture. He has also lectured in office practice, in the extension division of the University of California.

His work in civic affairs has included Town Hall Chairman, Committee on Art, Chairman of the Committee on Planning and Housing, and he served on the Mayors Committee on Urban Renewal - was chairman of the sub-committee on planning.

He has been very active in the Institute, as chapter affairs committee member from 1953 to 1957, chairman from 1957 - was secretary of the Southern California Chapter in 1944 - Director from 1946 to 1947, and again in 1957. He was president of our chapter in 1956 and a California Council Director in 1956 and 1957.

It is my sincere belief that Mr. Hunter should be considered most favorably as a Fellow.

Sincerely yours,

The Southern California Chapter has nominated Paul Robinson Hunter for recognition as a Fellow of the American Institute of Architects. I respectfully endorse this nomination and trust that the material submitted in its support will receive careful and full consideration by the Jury of Fellows of the Institute.

The Jury seeks unbiased and impersonal information on the nominees, and in endeavoring to acquaint you within this framework as to Paul Robinson Hunter, may I make the following general statements:

1. He represents an architect who performs his professional services as a personal, closely coordinated individual type activity rather than on a highly organized or departmentalized operation. Nevertheless, his office has enjoyed a substantial practical experience.
2. Many of us look on Paul Hunter as a broad-gauge type architect, essentially concerned with the idealistic aspects and considerations of the architect's role in the community. He is highly respected in his Chapter and locally, and in recognition of this esteem was elected president of the Chapter during the year it served as host to the National Convention of the Institute (1956).
3. His has been a versatile range of service, including not only professional practice as an individual architect but also considerable experience in writing and litera-

ture, activity in the field of education, particularly in local universities identified with architectural practice, and more directly in service to the Institute; which, of course, may be reviewed in some detail by reference to the supporting data. He has not been a publicity seeker but rather has endeavored to serve the profession quietly in a useful, continuing manner.

I respectfully recommend that this nomination be given careful review by the Jury of Fellows during the coming period.

Gentlemen:

The Southern California Chapter of The American Institute of Architects has nominated Paul Robinson Hunter for Fellowship in the Institute.

Mr. Hunter has done some outstanding work in design in this area and, particularly in the church field.

In education work he has served as Lecturer on Professional Practice and Visiting Critic in Design at the School of Architecture, University of Southern California. Also as Lecturer in Office Practice, Extension Division, University of California.

In service to the community, he has served as Chairman of the Committee on Art and Chairman on the Committee on Planning and Housing for Town Hall. He also has served as Chairman on the Sub-committee on Planning for the Mayors Committee on Urban Renewal.

In service to the Institute, he has been a member of the Chapter Affairs Committee of the Institute during 1953 through 1957 and Chairman of that committee in 1957 and 1958. In 1944 he served as Secretary of the Southern California Chapter, The American Institute of Architects, Director in 1946-47 and 1957. In 1956 he assumed the presidency of the Southern California Chapter and in 1956-57 was a Director of the California Council, The American Institute of Architects.

May I urge your careful and favorable consideration of this nominee.

Re: Paul Robinson Hunter

In the interests of brevity, no single letter supporting a nomination to Fellowship should attempt to cover all of a man's qualifications. Others will write of Paul Hunter's consistently excellent design, and exhibits will illustrate examples (although I think of fine minor examples which may not be mentioned - the Olmsted Clinic and various small churches, for example).

I should like to comment on his service to the Institute, since I served as Treasurer of the Southern California Chapter when Paul was President. The fact that we were Host Chapter to the Convention that year placed unusual burdens on the Presidency, but Paul devoted himself to the Institute, the Chapter, and the profession. The fact that his is a small office made this an extraordinary sacrifice. My point is not that he did the job so willingly, but that he did it so well. I am delighted to see that he is Chairman of an Institute Committee this year and hope to hear more of him nationally.

I believe that the Institute needs him as a Fellow.

Sincerely,

This letter is submitted in the interest of Paul Robinson Hunter, whose name has been proposed for elevation to Fellowship in the American Institute of Architects by the Southern California Chapter.

It has been my privilege to have known and served with Mr. Hunter for several years on the Executive Committee of the Southern California Chapter. Mr. Hunter has given generously of his time and energies in furthering the interests of the architectural profession, and the American Institute of Architects in particular. Resulting from his commendable works, he stands very high in the esteem of the members of the Southern California Chapter and commands the respect of the Administrative Committee of the California Council of Architects.

Mr. Hunter's achievements in the field of architectural design is affirmed by the number of awards and citations he has received for excellency of design of ecclesiastical and residential, as well as institutional work.

I am pleased to support the nomination for which his Chapter has seen fit to recommend him and invite your favorable consideration of this proposal.

Paul Robinson Hunter

Gentlemen:

I have known Paul Hunter for more than 25 years. I have known him as a draftsman in other offices and for a short period in my own, and as a practicing architect. Since 1931, first as a Junior member of the Southern California Chapter AIA, he has served the profession and the Institute in various capacities ably and frequently outstandingly.

As assembler and co-editor of "Residential Architecture in Southern California", published by the Southern California Chapter in 1939, he performed an outstanding service. The high quality of service performed by him then has been repeatedly shown since, and was evidenced by his administration as President of the Southern California Chapter during 1956, the year of the Institute Convention in Los Angeles.

His achievement in design has been notable and his discriminating taste has produced a restrained freedom of design which pleasantly fits into different environments. His Art Building for the University of California, at Los Angeles, is a worthy illustration.

Re: Paul Hunter, A.I.A., Architect

Honorable Jury:

It has been my pleasure to have been a personal friend and to have known Paul Hunter, A.I.A., Architect, for the last ten years. During that period of time I have seen the personal sacrifices in time and effort Mr. Hunter has made in behalf of his profession and other civic and church organizations.

As a past president of the Southern California Chapter, member of the California Council of Architects, Chairman of the National Committee on Education, Mr. Hunter, I believe, exemplifies that seldom found quality so necessary in our profession. The high standards of architectural design constantly maintained in Mr. Hunter's office is also to be commended. The many Honor Awards bestowed on him by the Southern California Chapter of the Institute and other national organizations speak well of his design ability.

It is with great enthusiasm that I recommend to you, Mr. Paul Hunter, for consideration as a Fellow in the American Institute of Architects.

Gentlemen:

I have had the privilege of knowing Paul Robinson Hunter for more than twenty years.

During that time I have served as a director of our Chapter under his presidency and as one of his committee chairmen concerned with the 1956 National Convention. Within my memory I can think of no more thoughtful and able leadership in our profession.

Later on during my tenure as President of our Chapter I found him quite as willing to take his place as a participant on a "team" level. His efforts have always been up to the standards he set during his term of leadership -- an indication of lasting devotion to architecture.

Along with the quality of thoughtful service to the Institute, I have found a quality of thoughtful design in his executed works -- a quality which already seems certain to outlast much of the more publicized and flamboyant efforts in our region.

His achievements on a national and local level are no doubt well known to the Jury. His role of friend and co-worker is the basis for my warm recommendation of Paul Hunter for your favorable consideration.

IT HAS COME TO THE ATTENTION OF THE UNDERSIGNED THAT THE SOUTHERN CALIFORNIA CHAPTER, TOGETHER WITH THE OTHER CHAPTERS OF THE STATE OF CALIFORNIA AND SURROUNDING AREAS, HAVE SUBMITTED FOR ADMISSION TO THE COLLEGE OF FELLOWS THE NAME OF PAUL ROBINSON HUNTER OF LOS ANGELES, CALIFORNIA.

IT IS OF GREATER INTEREST TO NOTE THAT THE QUALIFICATIONS FOR ADMISSION TO MEMBERSHIP IN THE COLLEGE ARE BASED ON ACHIEVEMENT IN DESIGN AND FOR SERVICE TO THE INSTITUTE.

THE WRITER HAS KNOWN PAUL HUNTER FOR A PERIOD OF FIVE YEARS, DURING WHICH TIME IT HAS BEEN POSSIBLE TO NOTE THE FINE QUALITY OF WORK WHICH HE PRODUCES, THE HIGH ESTEEM IN WHICH HE IS HELD NOT ONLY BY THE MEMBERS OF THE PROFESSION BUT BY ALL OF THE OTHER PEOPLE WITH WHOM HE WORKS, THE THOROUGHNESS IN WHICH HE APPLIES HIS TALENTS AND THE BENEFICIAL RESULTS WHICH HE HAS SUCCESSFULLY ATTAINED BECAUSE OF THESE EFFORTS, AND THE AMOUNT OF TIME WHICH HE HAS UNSTINGINGLY GIVEN FOR THE IMPROVEMENT OF THE ARCHITECTURAL PROFESSION BY HIS FULL ASSUMPTION OF RESPONSIBILITY ON ALL COMMITTEE ASSIGNMENTS GIVEN HIM.

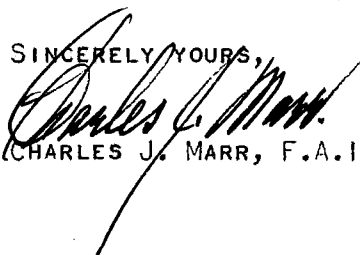

THE WRITER HAS SERVED AS A MEMBER OF THE NATIONAL CHAPTER AFFAIRS COMMITTEE OF WHICH PAUL HUNTER IS THE CHAIRMAN, AND IT CAN BE STATED WITHOUT ANY HESITATIONS WHATEVER, THAT HE HAS BROUGHT MORE GUIDANCE, MORE KNOWLEDGE, AND HAS GIVEN THE COMMITTEE MORE ENCOURAGEMENT IN THEIR RESPECTIVE EFFORTS WITHIN THEIR INDIVIDUAL REGIONS THAN HAS BEEN THE PRIVILEGE OF THE COMMITTEE TO ENJOY PRIOR TO HIS ACCESSION TO THE CHAIRMANSHIP. IT CAN BE TRUTHFULLY STATED THAT THIS COMMITTEE HAS ACCOMPLISHED MORE WITHIN THE LAST TWO OR THREE YEARS THAN HAD BEEN DONE OVER THE MANY YEARS SINCE ITS ORIGINAL INCEPTION.

I understand that Paul Robinson Hunter of Los Angeles has been nominated for elevation to Fellowship in the Institute.

I know that you will receive many testimonies from California architects describing Paul's contributions to his chapter and the community.

I would like to add my recommendation with particular respect to Mr. Hunter's leadership of the Chapter Affairs Committee of the American Institute of Architects.

During the last two years I have been delighted with Paul's inspired leadership of the Committee. Every facet of a problem facing the Committee is thoroughly reviewed with such democratic patience that each member of the Committee feels part of a team. His success in leading the Committee has been partly due to his keen interest in people and especially the young architectural student. The growing importance of the Student Forum programs for the past two years should be credited to Paul Hunter and his leadership. Obviously, the complete result of this effort will not be felt in the profession for a number of years. I feel sure that there are many ways in which our entire profession has been advanced by Paul Hunter's contribution.

It is a pleasure to add my endorsement to his nomination for advancement to Fellowship.

Gentlemen:

The Southern California Chapter has proposed Paul Robinson Hunter for advancement to Fellowship in The Institute. It is a pleasure for me to support this nomination of my present partner and friend of more than twenty years.

Here in the office Paul Hunter has set for himself the highest standards in design and brings inspiration and enthusiasm to the study of each project. An example of this goal is the Art Building at the University of California, Los Angeles, which is considered by many of the faculty and student body to be the most successful building on the campus. The design is not only fresh and contemporary in character, with an inviting entrance court so appropriate to our climate, but also harmonizes in materials with the adjacent traditional structures.

I should like to mention the thought and time he has given to the national Chapter Affairs Committee during the two years that he has been serving as its chairman. The work of this committee has been brought to a high level of efficiency and the accomplishments of the committee indicate the well-earned cooperation and respect of all its members.

Paul Hunter is taking an important part in the replanning of Los Angeles as a member of the Mayor's Citizens Urban Renewal Advisory Committee. He is chairman of the sub-committee on Neighborhood Analysis and Community Planning, which is reviewing the proposed program in each renewal project.

It is with knowledge of these qualifications that I recommend Paul Robinson Hunter to you for elevation to Fellowship in The Institute.

Sincerely,

Walter G. Benedict

Gentlemen:

I have been advised that Paul Robinson Hunter of Los Angeles, California is being presented as a candidate for Fellowship in the American Institute of Architects. This information has just come to me and I am writing at once with the hope that it will reach Washington in time to be added to the other data supporting his candidacy.

I have known Mr. Hunter since our college days in the mid-twenties when we attended the University of Pennsylvania, School of Architecture, together. During a part of that time we were roommates and therefore became very well acquainted. I have been in touch with Mr. Hunter and his work and activities in the intervening years and therefore feel qualified to speak in his behalf.

I feel that there will be plenty of others to speak of his work for the Institute and on his work as a designer. I am therefore writing more particularly to speak of Mr. Hunter's character and personality. I feel sure that he is worthy of the honor of Fellow insofar as his works are concerned. I feel more particularly that he will dignify the honor by his personal integrity. He is devoted to his family, his community and his practice and I am sure is looked up to by others in and outside the profession around him. I hope that the Jury will give this candidate its' serious consideration.

Sincerely yours,

Gentlemen:

This is in support of the nomination of PAUL ROBINSON HUNTER to Fellowship in The American Institute of Architects in the field of Service to the Institute. In my opinion service to the Profession is synonymous with service to the Institute. For many years Mr. Hunter has contributed greatly to the enhancement of the Architectural Profession by numerous public appearances as a lecturer and panelist at such occasions as the Plastic Industry Conference, University of California at Los Angeles and the Producer's Council Institute, School of Architecture, University of Southern California. On these, as well as other, occasions Mr. Hunter's learned presentation revealed such depth of knowledge and competence as to bring credit not only to him but to the profession.

I have direct knowledge of Mr. Hunter's activities as a member of the Civic Center Committee and as Chairman of the Ethics Committee and, while serving with him on these committees, observed the enthusiasm and ability with which he pursued this important chapter work as well as the effectiveness of his contribution. Mr. Hunter's term as President of the Southern California Chapter raised the esteem of all Architects in the minds of those to whom he represented the Architectural Fraternity.

I consider it a distinct honor to be a member of the same profession as Paul Robinson Hunter and strongly urge that the Jury of Fellows bestow upon him the highly merited distinction of Fellowship in the Institute.

Honorable Jury:

It comes to my mind that the Southern California Chapter of the American Institute of Architects now has pending for advancement to Fellow the name of Paul Robinson Hunter, AIA.

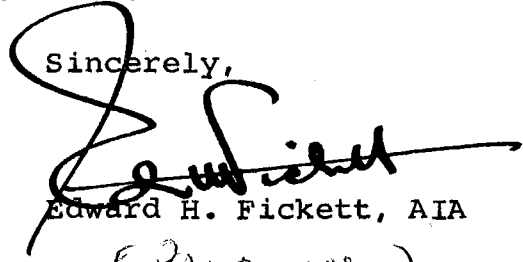

Mr. Hunter is a personal friend of mine and an architect for whom I have the utmost respect. Mr. Hunter has continued during the past fifteen years to serve the Institute locally and nationally in an outstanding manner. He has made many personal sacrifices on behalf of the profession and other civic and church organizations. As a past president of the Southern California Chapter and as chairman of the National Committee of Chapter Affairs Mr. Hunter exemplifies that seldom found quality so necessary in our profession.

With reference to Mr. Hunter's achievements in design, his office has constantly maintained a superb and high standard of architectural design. His outstanding and sympathetic treatment of church architecture has won him many awards from the Southern California Chapter of the Institute. His contributions to younger members of our profession through lectures, design influence and professional ability place him amongst the outstanding members of our Chapter

who have been nominated for Fellowships.

I sincerely recommend to the Honorable Jury the name of Paul Robinson Hunter for advancement to Fellowship in the American Institute of Architects.

Re: Paul Robinson Hunter

Gentlemen:

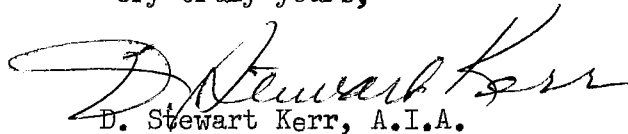

The secretary of the Southern California Chapter of the American Institute of Architects has advised that they have again placed the name of Paul Robinson Hunter in nomination for advancement to Fellowship in the Institute.

May I refer your Jury to my letters of January 28, 1958 and January 22, 1959 in Mr. Hunter's interest. I stated then and I would re-emphasize now that Mr. Hunter's untiring efforts in the interest of the Institute through his extensive work as Chairman of the Chapter Affairs Committee in itself should command the Jury's attention. This continued service to the Institute, together with other contributions to the Southern California Chapter in terms of his activities as an officer and director, as well as his service to the community as a member and committee chairman for Town Hall, should make him a noteworthy nominee for advancement for Fellowship for his service to the Institute.

Mr. Hunter's achievements in the field of architectural design are affirmed by the number of awards and citations he has received for his residential and church work.

I deem it an honor to offer my unqualified recommendation for your favorable consideration of his nomination for advancement to Fellowship.

Gentlemen:

This letter is to emphasize my support of Paul Robinson Hunter's advancement to Fellowship in The American Institute of Architects as set forth in my letter to you of January 8, 1958.

Mr. Hunter's work as chairman of the Institute Committee on Chapter affairs is now well known in addition to his previous service to the Chapter and the Institute.

As a lecturer, writer, critic and designer he exemplifies the best
in our profession.

Very truly yours,

William H. Harrison, F. A. I. A.
Architect
