ARCHITECTS' ROSTER QUESTIONNAIRE

TO EVERY ARCHITECT IN THE UNITED STATES AND ITS POSSESSIONS:

The Architects' Roster is maintained by The American Institute of Architects as a service to the profession as a whole and to agencies of the United States Government. Every registered architect, whether or not a member of The Institute, is eligible for inclusion in the Roster. The Institute maintains custody of the Roster, keeps it up to date and in good order for use. The Roster is available to any representative of the Government and to representatives of foreign governments in Washington. Reference may be made to The Architects' Roster in negotiations with government agencies and other interested parties. Experience with the Roster since its establishment in 1946 has shown its usefulness. Growing out of an earlier Register of architects qualified for public works, The Roster provides at The Octagon an accurate, current record of the qualifications and achievements of members of the profession. It allows a positive and helpful response to requests for factual information on architects, and in that way constitutes a service to the profession.

The American Institute of Architects assumes no responsibility for the accuracy of statements made in this Questionnaire. The obligation to maintain this record as a current description of an architectural firm rests with the firm, and supplementary record forms are available for this purpose.

PARTNERSHIPS SHOULD MAKE A JOINT RETURN ONLY.

Original and one copy to be mailed to **THE ARCHITECTS' ROSTER, The American Institute of Architects, 1735 New York Avenue, N. W., Washington 6, D. C.** One copy to be retained by the author.

Architect's Roster
American Institute of Architecture
Washington, D. C.

Gentlemen:

The firm of Holloway and Reeves, Architects, has been associated with our firm on several contracts. In some cases they have performed architectural services in cases where we had the principal contract, and in other cases we have performed mechanical engineering services in cases where they had the principal contract.

In some cases such contracts have been rather comprehensive in nature, and I am happy to say that their services have been extraordinarily good. Moreover, we hope to continue this relationship.

Both of the principals, Mr. Holloway and Mr. Reeves, prior to the formation of their firm, have worked for us on a salary basis. Each of them has character and reputation of the highest order. Their firm is rendering outstanding services and I am glad to give them my commendation.

Very truly yours,

L. E. WOOTEN AND COMPANY
