Dear Mr. Johnson:

The Secretary is happy to inform you that your application for membership in The Institute was acted on favorably by The Board of Directors and that you were admitted to corporate membership in The Institute and assigned to membership in the South Texas Chapter, effective February 12, 1946. You will be a member of that Chapter, or of some other chapter if you later transfer thereto, until your membership in The Institute terminates.

Your certificate of membership, duly executed by the Officers of The Institute, will be sent in due course.

The Board of Directors welcomes you to membership in The Institute and The Secretary's office is at your service to the extent of its powers.

The policies and the activities of The Institute are developed largely from problems arising within the chapters. By taking an active part in your Chapter affairs you will contribute to the advancement of the objects of The Institute and will increase the benefits to be derived from Institute membership.

We bespeak your active cooperation.

Sincerely yours,

Dear Sir:

I am a member of the South Texas chapter of the Institute but have now changed my permanent address to Florida. I took the Florida license examination in June and was granted a license. Since I intend to remain in Florida and practice here, I request that my membership in the Institute be transferred to the South Florida Chapter.

The local president Mr. Robert Little has informed me that the only formality required is this request to you.

I am notifying the South Texas Chapter of my action for their information.

Dear Mr. Abele:

The Jury of Fellows has reported to me the following action it has taken on nominations from your Chapter before it of corporate members who were considered for advancement to Fellowship:

Elected to Fellowship: Edwin Thorley Reeder

Herewith is copy of letter of notification to Mr. Reeder which is self-explanatory.

The Department of Public Information has asked me to advise you that although a national release announcing all of the new Fellows will be issued, your Chapter is urged to supplement this announcement with a release of its own. This release should describe the new Fellow's accomplishments and, if applicable, the prominent building he has designed in your area. Photos of his work and his portrait also should be made available to the press.

It is suggested that a member of your Chapter Public Relations Committee take the release personally to your local newspaper editors as well as to the radio and television stations. In doing so, however, it is imperative that the release date, as noted, be strictly observed. (This is necessary to avoid ill feeling on the part of the news media.)

Referred to Meeting of the Jury in 1962: Herbert Howard Johnson

Any further material that you wish to submit in connection with this nomination should be received by The Jury of Fellows at The Octagon by January 1, 1962.

Re: Nomination for Fellowship for
Herbert Howard Johnson

Dear Miss Gervais:

On April 12, 1961 I wrote to Mr. J. Roy Carroll, Jr., F. A. I. A., Secretary, asking him for suggestions as to any further material that may be submitted by me that may improve Mr. Herbert H. Johnson's nomination for Fellowship.

Mr. Carroll's letter of April 18, 1961 to me stated that my inquiry had been referred to you and that he was certain that I would hear from you in the near future.

Since I have not heard from you and since I don't believe that this matter should be delayed any longer, I am taking this opportunity to ask you for any suggestions that you may have relative to this matter.

Enclosed are thermofax copies of the following:

- Letter to Mr. C. Robert Abele, President, F. S. C. A. I. A., dated Feb. 25, 1961 from Mr. J. Roy Carroll, Jr., F. A. I. A.;

Dear Mr. Grimshaw: Re: Nomination for Fellowship for
Herbert Howard Johnson

Your letter of April 12th was forwarded to me from Philadelphia by Secretary Carroll, and it came to my attention upon returning from the Convention in that City, on May 1st.

In accordance with instructions from the Chairman of The Jury of Fellows, George Bain Cummings, F.A.I.A., the inquiry was referred to him for such answer as he felt should be made, or his instructions to me to handle the inquiry.

Mr. Cummings has not been well, lately, having been hospitalized just prior to the Convention, preventing his attendance, and has been undergoing physical tests subsequent thereto, according to my understanding. No doubt this has been the cause of delay in replying to your letter.

However, there is ample time, as the Jury will not meet again until February, 1962, and any additional material on behalf of Mr. Johnson which your Committee might wish to file can be received until February 1st.

Sincerely yours,

Dear Florence:

You will be as happy as I that I am able at last to return to my office and dictate a letter. The trouble that beset me has been diagnosed as an insufficiency of blood to the brain. The insufficiency also applied to the inner ear which affects balance and motion, as you know. I am on a permanent blood-thinning therapy which involves medication, occasional blood testing and periods of rest--or at least elimination of undue physical and/or mental stress. I am now feeling very well indeed and am returning to the office for what I expect will be increasing periods of activity.

You were wonderful to take care so efficiently of my file and to help the two members of the Jury who bore the brunt of everything at the Convention. I am deeply grateful to you for that and your concern for my health.

May I now reply in this letter, to yours of May 3 transmitting a request by John O. Grimshaw which was addressed to Roy Carroll on April 12. I return that file herewith. I suggest that you reply at the "direction of the Jury" in this vein. Mr. Herbert Howard Johnson was nominated for elevation in design. Therefore in his case and others that you may receive, relating to design, I suggest that you report that the Jury would welcome additional photographs either of work already submitted, or of other work--especially more recent work. You might add the Jury's willingness to review additional letters or statements providing they are not duplicative of material already submitted and are strictly limited to factual reference to the work of the nominee.

Because this letter will be of interest to each member of the Jury, I am sending a copy to each.

Please remember me with affection to all the members of the Staff who have been so concerned about my health, and assure them of my intention to see them all at the Dallas Convention in 1962.

Sincerely,
George Bain Cummings

With further reference to your letter of April 12th, I have now heard from the Chairman of The Jury of Fellows, George Bain Cummings, F.A.I.A., who has instructed me to write to you as follows:

Mr. Johnson was nominated for achievement in design; therefore, the Jury would welcome additional photographs, either of work already submitted, or of other work - especially, more recent work.

In addition, the Jury always is willing to review further letters and statements, providing that they do not duplicate material already filed and are limited strictly to factual references to the work of the nominee.

We trust this will be helpful to your Committee.

2. Describe nominee's notable work in design, to bring out the particular achievements the nominators believe have notably contributed to the advancement of the profession.

Mr. Johnson, in the relatively few years that he has practiced architecture in Florida, has greatly influenced the design of buildings throughout the State. He has, through well integrated planning, developed new materials and construction techniques. Local building material suppliers and manufacturers, as well as many from outside of the State of Florida, have sought his advice before developing new products.

The nominee's ability to analyze the basic problems of each project and his knowledge of architectural planning and design have enabled him to design buildings that present the utmost in utility. In doing so he has created many buildings notable for their architectural beauty and utility in various fields, such as education, merchandizing, banking, etc. His thorough study of the problems have in most cases instigated the client to initiate new and better procedures and policies in his business. One example is the Sears, Roebuck and Co.'s Store in Tampa, Florida, which proposed a new concept in stock handling and customer flow that

(Continued from Page 3 - Item 2 - Describe nominee's notable work in design, to bring out the particular achievements the nominators believe have notably contributed to the advancement of the profession.)

resulted in more freedom of movement and choice of merchandise, without interference from stock flow.

Another example is the Northside Shopping Center, Miami, Florida, where the truck ramp and unloading areas were placed on the roof, resulting in much lower building costs and easier handling of bulk merchandise.

The design of these buildings, as well as others, is based on an orderly relationship of the structural systems with the layout, and a discriminating use of materials which eliminate the use of ornament and extraneous detail.

The unique but straight forward designs executed by Mr. Johnson have never confused the builders, but have enlightened them and always permitted the job to be completed under the most rigid of financial budgets.

Another example is the Fleet Sonar School, U. S. Naval Station, Key West, Florida, the first of its kind. Its design program included the ability to house top secret training equipment and yet allows inspection of all electrical and mechanical equipment by personnel, who do not have top secret clearance. Also, materials selected had to withstand hurricane force winds, yet this project was constructed at a price well under the U. S. Navy's reduced budget costs.

Each project that Mr. Johnson has undertaken has been studied on its own merits, enabling him to achieve the utmost in utility and in pleasing design results. Although excellence in design has always been his goal, economy has been his watchword.

These three aforesaid examples of the many designs created by this dedicated professional point out some of the many contributions Mr. Johnson has made to the advancement of the architectural profession.

(Continued from Page 4 - Item 3)

open spaces at a very low cost to the owner. One example of this is the National Airlines Office Building. A similar system was the design for a parking garage in Savannah, Georgia that resulted in the elimination of all shoring and the repetition of parts so that all the steel could be fabricated in jigs. The low bid reflected a cost of \$2.02 per square foot for the structure.

In general, the nominee has created many new materials and methods that have always been slanted toward the construction of better space at lower cost with the use of better and more permanent materials.

Mr. Johnson's participation in local and State public functions has been limited due to the press of work in architectural design. He has, however, participated in such drives as the Community Chest and other charities. He is a member of the Elks; Dade County and Florida State Chambers of Commerce; was a member of Kiwanis from 1950 to 1951 and 1954 to 1958. Mr. Johnson served as one of the consultants in the first Architectural Project Development Symposiums sponsored by the Fiberglas Corp. He is at present a member of the Building Research Institute.

He is a member of the Plastic Study Group of the National Academy of Sciences which meets in Washington, D.C. in October, 1960.

He was a member of the University of Miami Development Fund Committee 1957-1959.

Mr. Johnson is the Florida representative of the Board of Admissions for Rice University, Houston, Texas, 1953 to date.

Dear Mr. Johnson:

The American Institute of Architects desires to confer upon you the honor of Fellowship and membership in the College of Fellows in accord with the action of The Jury of Fellows at its recent meeting for your notable contribution in Design.

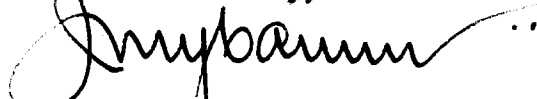

The purpose of this letter is to request your presence at the 1962 Convention of The Institute to be held in Dallas, Texas, starting May 7, 1962.

At a special ceremony to be held on the evening of Tuesday, May 8, at the Statler-Hilton Hotel, those who have been elected to Fellowship will receive their certificates and medals. Presentation will be with appropriate ceremony and it is highly important that each of the newly-elected Fellows be present.

The Officers of The Institute and The Jury of Fellows join in the request that you come to receive this honor in person. Please send your response to The Octagon at an early date.

Enclosed is a Memorandum from the Department of Information Service regarding the public announcement of your advancement to Fellowship.

Yours sincerely,

Dear Mr. Johnson:

At the recent meeting of The Jury of Fellows you were elected to Fellowship in The Institute and membership in The College of Fellows of The A.I.A. for achievement in Design.

At the Convention there will be an exhibition of the work of the newly-elected Fellows presented for Design, and to that end the Jury has had to make a comprehensive, yet as small a selection of your exhibits as possible for this occasion.

Under separate cover your entire exhibit is being returned, and those photographs selected are marked with a star and are as follows:

1. Coppertone Warehouse and Office Building, Miami, Florida - 1960
2. Northside Shopping Center, Miami, Florida - 1960
3. First National Bank of Miami, Miami, Florida - 1959

These should be reproduced, in black and white only, to conform with the instructions enclosed (see pages 2 and 3) - all on one mount 40" x 40" - and should be forwarded to

MR. SMITH, Thank you for your letter of January 7th regarding my
1975 supplemental dues.

After completing a review of Chapter, State and National Dues, I
have come to the conclusion that these dues are not compatible with
the present economic situation in the country. It is with deep
regret that I resign as a Member of The American Institute of Architects.

Very truly yours,

Herbert H. Johnson

Dear Mr. Johnson:

With reference to your letter dated January 20, we regret that we cannot comply and accept your resignation because of your indebtedness for 1975 AIA supplementary dues and state and local dues.

Thus, we are proceeding with final action on your membership termination, as per enclosure.

We surely hope that you will leave open the possibility of rejoining.

Sincerely yours,

Maureen Marx, Director
