Dear Sir:-

I am in receipt of yours of the 9th October 1913 enclosing your application for membership in the Institute. As it is an old form which you have used I am obliged to return same and to ask that you will attach your signature to the two clauses endorsing the two codes of the Institute, competitions and ethics, which are now required. These clauses being additions to this old form the By-Laws require that they shall be separately subscribed to. Also it is now required that all applicants, under whatever class, shall pay the examination fee of \$5.00 and submit an exhibit of executed work. As we are just issuing ballots &c, on the applications in hand, I would like very much to hear from you promptly in regard to these additional requirements so that your name may be included at this time. After signing the two clauses kindly return your application to me. I am enclosing herewith a copy of the two codes referred to.

Yours very truly,

Secretary.

Your recent bill together with my check for \$25.00 is enclosed herewith.

Dear Mr. Campbell;

This will acknowledge with thanks your letter of December 16th, together with check for \$25.00 for Institute dues.

You are correct in the opinion that all of your lapsed dues had been paid. The amount due for 1936 was \$20.00, and we have therefore credited the extra \$5.00 toward your dues for 1937, which procedure we trust will meet with your approval.

We are enclosing membership card for the current year, together with statement for balance of dues for 1937, inasmuch as all statements for the ensuing year are being mailed at this time.

With the Season's Greetings, we are

Sincerely yours,

Assistant Treasurer.

Dear Mr. Campbell:-

Your affiliation and support is valued highly by The Institute and by the New Jersey Chapter.

Therefore, we take the liberty of sending this note of reminder concerning your indebtedness to the New Jersey Chapter for Chapter dues - expressing the hope that the relatively small amount (\$9.00) can soon be cleared up.

In order to remain in good standing in The Institute it is required that financial obligations to the Chapter as well as to The Institute be discharged, and we endeavor to cooperate with the Chapters to this end.

A letter from the Chapter indicates a desire to get all of its corporate members into good standing, and to avoid the loss of any of its members at the end of the year because of non-payment of Chapter dues.

The policy of The Institute Board is to take no action with regard to unpaid Chapter dues unless the Chapter so requests, so please regard this letter as informal, with the sole purpose of showing the interest of The Institute in maintaining your membership.

Sincerely yours,

K.m

Dear Mr. Campbell:

We received your note promptly and also check for \$20.00 covering Institute dues in full for the year 1940.

The Institute appreciates your interest and support in the continued payment of annual dues. Under present conditions it needs that support very much.

If you do not mind, we will continue to send you THE OCTAGON because it is really an official bulletin which we have to send each month to every corporate member.

Dear Mr. Campbell:

We note that you are maintaining your chapter assignment as a member of The Institute with the New Jersey Chapter, although your address on the records is given as Catskill, New York.

We therefore write to inquire whether you still have your residence or principal place of business in the territory of the New Jersey Chapter; or have established a legal residence in New York which we presume is now your principal place of business.

The by-laws of The Institute (chapter II, article 1, section 7) require that The Secretary shall transfer the assignment of a corporate member to a chapter in another state whenever the legal residence or principal place of business of the member is changed to the other state.

If your legal residence is still in the territory of the New Jersey Chapter, it would be entirely proper for you to maintain your membership in that chapter. Otherwise, you should be reassigned to the chapter of your choice in the state of New York.

An early response will be appreciated.

By direction of The Secretary.

Executive Secretary

Dear Mr. Kemper:

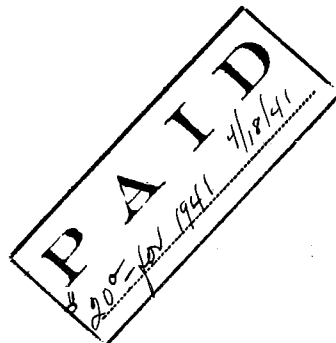

In reply to your letter of April tenth, you have been previously advised that I have, for over ten years, retired from the practice of architecture, and my membership in the A.I.A., as well as my local chapter, has been retained as a matter of loyalty to the organizations.

Inasmuch as (according to the Institute By-Laws) there seems to be something apparently unethical in a retired member retaining membership, please accept my resignation from the American Institute of Architects, as of even date. So as to no further offend the Institute, I am likewise addressing the N. J. Chapter and any other architectural affiliate of which I am a member.

Enclosed you will find my check for the current dues.

This will acknowledge with regret your letter of April 15, tendering your resignation as a corporate member of The Institute.

As you have paid your dues for the year 1941, your resignation will not be accepted until the end of the current year.

The letter which we sent to you under date of April 10 was routine in nature and a similar letter was sent to other members residing outside the limits of the chapter to which they are assigned.

With reference to your letter of January 9, 1942, which transmitted to me the kind suggestion of Mr. Fairweather, Secretary of the New Jersey Chapter of the Institute: while I duly appreciate his courtesy in asking you to send me the application for election as a Member Emeritus, I feel that having given up the practice of Architecture for some while, it does not seem quite fitting for me to accept the honor. I am therefor returning to you the application blanks.
