Gentlemen:

I understand that Mr. Raymond M. Marlier, of Pittsburgh, Pa., has been nominated for Fellowship in the American Institute of Architects. It would give me much pleasure to have this honor conferred upon him, for I know of no one who deserves it more.

I have known Mr. Marlier for a long time, both professionally and in a social way; and I am satisfied that both as an Architect and as a gentleman he qualifies high for status as a Fellow.

Very truly yours,

*Marmaduke Tilden*

Washington 6, D. C.

Gentlemen:

It gives me the greatest pleasure to know that Mr. Raymond Marlier has been nominated for Fellowship in the A.I.A.

I have had personal contact with Mr. Marlier when he had charge of the Coordinators in connection with the Pentagon Building during the War. He was most helpful in connection with the development of this very remarkable building and helped thereby in the war effort most materially.

As an Architect he is extremely able and has an unusual comprehension of architecture in all of its phases.

I consider him most highly qualified to be a Fellow of the American Institute.

Yours very sincerely,

  
William Jones Smith

Gentlemen:

I understand that Raymond M. Marlier of the Pittsburgh Chapter of the Pennsylvania Society of Architects has been nominated for fellowship in the American Institute of Architects and that his papers are now on file at the Octagon. I am glad to have the opportunity to write in behalf of this nomination, for I believe that Mr. Marlier is worthy of that high honor.

Although I am a member of the Philadelphia Chapter, I have, through the Pennsylvania Society of Architects and through the Pennsylvania Association of Architects which preceded it, been well aware of the time and energy which Mr. Marlier has given to the work of our professional societies.

Sincerely,

J. Roy Carroll, Jr.  
President

Gentlemen:

It has come to my attention that Mr. Raymond M. Marlier of Pittsburgh has been recommended for advancement to fellowship in The Institute.

I have the honor to address myself to you in his behalf. I have known Mr. Marlier for the past fifteen years and have the greatest respect for his ability as an architect and for his devotion to the welfare of the profession. He has always been a leader in his Chapter and has done much to further the interests and welfare of the profession as a whole. His ability as an architect is exemplified in the illustrations of the executed work with which I believe you are familiar.

Again, may I take the occasion to express the hope that the Committee will act favorably on Mr. Marlier's nomination.

Yours sincerely,

Edmund R. Purves, F.A.I.A.

Attn: Jury of Fellows

Gentlemen;

I recently had the pleasure of signing the nomination of Mr. Raymond M. Marlier, Pittsburgh Chapter, for Fellowship in the American Institute of Architects.

His record of achievements in the profession, service to the institute, and service to the community are bluntly stated in that document. The success of those achievements, the quality of service rendered or the measure of respect of his fellow architects cannot be fully shown therein.

As an acquaintance of twenty-five (25) years standing, several times connected in a business way, always associated through Pittsburgh Architectural Club or A.I.A., I heartily wish to recommend the elevation of Mr. Raymond M. Marlier to Fellowship.

Very truly yours,

Herbert C. Douden

Jury of Fellows  
The American Institute of Architects  
1741 New York Avenue, N.W.  
Washington 6, D.C.

Gentlemen:

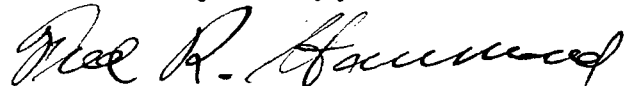

I understand that you have pending the nomination of Mr. Raymond Marlier of the Pittsburgh Chapter for advancement to fellowship.

Mr. Marlier was my immediate superior for nine months in work on the Pentagon Building and during that time we were in quite close relationship. I know from many conversations during that period that he has the highest regard for the purposes of the Institute and for its ethical standards. Mr. Marlier conducted the business of his department with excellent executive ability and sound judgment and produced fine cooperation among his co-workers, and with the contractor's organization in the field with which we were directly concerned. Although I know little about the conduct of his own private practice, he could not have produced such fine results without previous continued work along the same lines. What I would like to emphasize is that his relations with the construction industry, with his fellow workers, and with the public are excellent and should enhance the relations of the profession generally with the public.

Such is my direct knowledge of his professional ability and you no doubt have all the information you need on other phases of his practice and his work with the Pittsburgh Chapter.

In conclusion, I should like to recommend to the Jury of Fellows that they take favorable action on the advancement to fellowship of Raymond L. Marlier.

Yours very truly,

Fred R. Hammond

6/22/47

Gentlemen:

I had great satisfaction participating in the formulation of the proposal, now before you, that Raymond W. Mascher, of Pittsburgh, be honored by being elected a Fellow of the American Institute of Architects. Only knowledge that ample time remained before you consider the recommendation coupled with unusual pressure of my own obligations, have made me as tardy as this date in supplementing the formal group proposal.

I have a sincere conviction, backed by long time association with Mascher in Chapter and civic affairs, that the Institute would be reaffirming its purposes by conferring the honor of Fellowship upon him. I hope very much that that will be your action.

Sincerely yours

Federick Bigger

Jury of Fellows  
 The American Institute of Architects  
 1741 New York Avenue, N. W.  
 Washington 6, D. C.

Dear Sirs:

It is a pleasure to write in support of the nomination to Fellowship in The American Institute of Architects of Raymond M. Marlier.

Throughout his professional career he has always been ready and willing to serve the interests of others. He has given unselfishly of his time and his effort to serve the profession at the local, the State, and the national level. The quality of his contribution is the basis for the high regard of his associates.

His qualities of leadership have been recognized by the younger men in the profession who have enjoyed his generous and unselfish help. In the same manner he has served his community and has done much to distinguish the reputation of the profession in the minds of the public.

But above all, Mr. Marlier is an architect whose work has been distinguished not only for its quality, but for the orderly and businesslike manner in which the client's interests have been served.

He is one of those solid men upon whom the quality and reputation of The Institute and the profession have been built and as such is deserving of the honors that may be given to him.

Sincerely yours,

B. K. Johnstone

February 20, 1948

Chairman, Jury of Fellows  
The Octagon  
Washington, D. C.

Dear Sir:

Three Pittsburgh Architects have been nominated for a Fellowship in the Institute: Allen M. Neal, Lamont H. Button and Raymond M. Marlier.

I have known these three men, personally, for many years and cannot speak too highly of their professional qualifications for advancement to Fellowship.

I hope the Jury gives full consideration to these three men at the forthcoming meeting and that it will find their qualifications entitle them to this honor.

Very truly yours,

(S) LAWRENCE WOLFE

Washington, D.C.

Dear Sir:

It is my understanding that the Pittsburgh Chapter has placed in nomination for fellowship the name of Raymond M. Marlier.

It has been my privilege and pleasure to know Mr. Marlier for the past thirty-five years. During this time I have watched him progress from the student stage through to a successful practitioner in the field of architecture. He has brought much credit to the Institute and has done much for its development during his many years as a member.

Not only for this service to the Institute do I strongly urge that you accept him as a fellow, but because he is a fine architect and a gentleman.

Very truly yours,

HOWARD LELAND SMITH A.I.A.

Mr. Edgar I. Williams, Chairman  
The Jury of Fellows  
The American Institute of Architects  
1741 New York Avenue, N. W.  
Washington 6, D. C.

Dear Sir:

I understand that Mr. Raymond Marlier, A.I.A., Pittsburgh, Pennsylvania is being considered by the Jury of Fellows for advancement to the grade of Fellow of The American Institute of Architects. I wish to add my indorsement to the others which you will receive.

I had opportunity during the recent war to work intimately with Mr. Marlier when he was the Principal Supervising Architect for the construction of the Pentagon Building, Arlington, Virginia. Mr. Marlier was one of the small group of principals to whom credit is due for the success of this project.

Mr. Marlier's record of professional accomplishment, and his contributions to the advancement of his profession, are worthy of the recognition which Fellowship would bestow.

Very truly yours,

Washington, D. C.

Dear Sir:

This letter is written as a request that you and your Committee give careful consideration to the applications for Fellowships in the Institute of the following members of the Pittsburgh Chapter:

Allan H. Neal  
Lamont H. Button  
Raymond M. Marlier

I have been personally acquainted with each of these candidates for many years and am confident that each of them represents the highest standards of the profession. I hope that your Committee will carefully consider their applications when making recommendations for Fellowships.

Sincerely yours,

(S) RODY PATTERSON

Mr. Edgar I. Williams, Chairman  
The Jury of Fellows  
The American Institute of Architects  
1741 New York Avenue, N. W.  
Washington 6, D. C.

Dear Sir:

It is my understanding that Mr. Raymond M. Marlier, A.I.A., of Pittsburgh, Pennsylvania has been nominated for election to Fellowship in The American Institute of Architects.

While employed by the U. S. Engineers on the construction of the Pentagon Building, Arlington, Virginia, I had the opportunity to work under Mr. Marlier, and to be deeply impressed by his outstanding talent, ability and finesse in prosecuting the more difficult phases in the completion of this project.

Because of his achievement in the architectural profession, and because of his untiring efforts to further the effectiveness of The American Institute of Architects, it is hoped that the Jury of Fellows will deem it appropriate to confer the honor of Fellowship upon Mr. Marlier.

Sincerely yours,

HARRY E. WEIR, A.I.A.
