CHARLOTTESVILLE VIRGINIA

S. J. MAKIELSKI

June 1, 1923.

The Secretary of the
American Institute of Architects,
The Octagon House,
Washington, D. C.

Dear Sir:

I am happy to recommend my partner, Mr. S. J. Makielski, for membership in the American Institute of Architects. Although his name does not appear in the style of the firm, he has been in partnership with me for four years and during that time has had entire charge of the structural work of the firm, including construction, specifications, and superintendence. With ~~the~~ combination of qualities very rarely found together, he has also rendered all the presentation drawings issued from the office during that time.

One very responsible piece of work with which we were associated during this period was the Gymnasium at the University of Virginia of which Mr. Makielski personally designed the steel work.

Very truly yours,

Fiske Kimball

Dear Professor Makielski:

Please accept our thanks for your check for \$25.00 in payment of your dues to the Institute for 1933. Your membership card has been sent to you under separate cover.

Answering your inquiry regarding the awards of the School Medals, we wish to advise that such medals are awarded to the students of those architectural schools which are members of the Association of Collegiate Schools of Architecture. When an architectural school becomes a member of this Association it is automatically added to the Institute's list of "recognized schools" and receives such a medal for award to the selected graduating student.

If you should be interested in the qualifications for such membership, we suggest that you get in touch with the Secretary of the Association, Professor Sherley W. Morgan, Princeton University, Princeton, N. J.

Sincerely yours,

Executive Secretary.
