November 9, 1962

Miss Florence Gervais  
Head, Membership Department  
American Institute of Architects  
1735 New York Avenue, N.W.  
Washington 6, D. C.

Dear Miss Gervais:

Attached is an Application for Membership file for William Albert McAlister, a naturalized citizen practicing architecture in Guam.

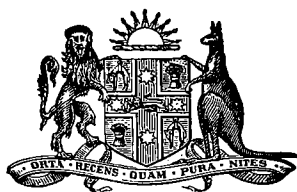

Subsequent to your letter of February 26, 1962, a copy of which was sent to us, Mr. McAlister wrote us regarding membership in our Chapter. Submitted with his application was the documentation forwarded herewith to substantiate his eligibility for membership. A copy of the report from the Guam Board of Engineering and Architectural Examiners is also enclosed; however, we have retained the copy of Public Law 5-131 of the Fifth Guam Legislature governing such licensing, which will be sent to you if this seems desirable.

The time lag between the date of submission and final approval by our Board of Directors occurred because of the apparent loss by one of the references of the original application forms. Following their replacement, we undertook to obtain signatures of references and appropriate comments concerning the applicant. Copies of these letters are also enclosed.

At its meeting of November 6, the Board of Directors of this Chapter unqualifiedly approved Mr. McAlister's application for membership which, we trust, the National Membership Committee will find in order.

Sincerely yours,

(Mrs.) Ethel G. Smith  
Executive Secretary

Attention: Mrs. Ethel G. Smith

Dear Mrs. Smith;

I wish to apply for membership in the American Institute of Architects.

I recently wrote to the head office of the Institute in Washington, D.C. and I was referred to your chapter as per thermofax copy of the reply I received. (Enclosure #1)

I have the sample application for membership which was forwarded to me and I believe I meet all the requirements.

I am a naturalized citizen of the United States, with my legal residence in the State of California and my Architectural practice here on Guam, where I am licensed to practice Architecture, my certificate of registration is Number 4.

Prior to commencing my own practice in the Architect-Engineer Corporation of Thomas J. Davis, Inc. here on Guam I was Manager of the European and Near East Division of Adrian Wilson and Associates, an Architect-Engineer Company with the head office in Los Angeles and prior to that I was Manager of the Far East Division of the same Company.

My present Company is incorporated in California and has a Foreign Corporation License and Certificate of Registration qualifying us to do business on Guam.

I am a 50% stockholder in the Corporation, and the other two corporate members are Mr. Edward F. Koenig who is a 25% stockholder and who holds a B.S. in Civil Engineering from the University of Southern California and who is a registered Civil Engineer in the States of California, Utah and Hawaii and Mr. Jack R. Newville who is a 25% stockholder and who holds a B.S. in Civil Engineering from the University of Southern California and is a registered Civil Engineer in the State of California and a registered Professional Engineer in the States of Nevada, Utah, Maryland and Hawaii.

In addition to being licensed to practice Architecture in Guam, I am also licensed to practice Architecture in the State of New South Wales, Australia where my certificate of registration is Number 1009 issued 24 June 1940.

I graduated from the Sydney Technical College, School of Architecture and was granted my Diploma of Architecture from that school on 15 June 1938. (Enclosure # 2)

I am a member of the following professional organizations:

Associate of the Royal Australian Institute of Architects.  
Associate of the Royal Institute of British Architects.  
Past Vice President Nagoya (Japan) Chapter of the Far East  
Society of Architects and Engineers.  
Member of American Concrete Institute.  
Member of the Society of American Military Engineers.  
Member of the American Society for Testing Materials.

I have been actively engaged in the Architectural profession since I commenced studies in 1932 except for a period of service with the Military Forces during World War II, the Japanese Occupation and the Korean War and even during this period much of my time as an Officer in the Army Engineers was spent in developing Architectural plans and specifications.

A number of the registered Architects in California have been employed in the Architect-Engineer Companies which I managed, however to assist me in giving the names and addresses of three members who belong to your local chapter I would be obliged if you could let me have a copy of your membership list as being isolated here on Guam I have not kept the addresses of the members I know in your area.

If for some reason you cannot let me have a copy of the membership list, I would be obliged if you could confirm the following addresses:

Mr. William F. Hempel  
A.I.A. Architect  
306 Bryant Street, Palo Alto, California  
Home Address: 380 Felton, Menlo Park

Mr. Victor Wong, whom I believe is a member of your chapter and who was working for Skidmore, Owings and Merrill the last time I heard from him.

1404 MacArthur Blvd. Honolulu

NOT A.I.A.

I am known personally to quite a number of members of the Southern California Chapter and would like to inquire if they may be listed among my member references, if I do not know three from the Northern Chapter, however with a copy of your membership list I should be able to overcome this problem.

So that you can forward me the necessary application forms, I am enclosing a self-addressed Air Mail envelope as surface mail takes so long to reach Guam.

Sincerely yours,

THOMAS J. DAVIS, INC.

Washington 6, D.C.

Dear Sirs:

I wish to apply for membership in the American Institute of Architects and would be obliged if you would AIR MAIL to me the necessary application forms.

I am a registered and practicing architect in the Territory of Guam, M.I. and am also registered in the State of New South Wales, Australia but have not practiced there since World War II.

I am a naturalized American Citizen and intend continuing practice in the U.S. and its territories.

I am an Associate Member of the Royal Australian Institute of Architects, an Associate Member of the Royal Institute of British Architects and past Vice-President of the Far East Society of Architects and Engineers.

There are insufficient registered architects on Guam to form a chapter of the institute, however I do take an interest in the professional organizations here on the island and am an active member of the Society of American Military Engineers which does have a post on Guam.

I am inclosing a self-addressed envelope with 28 cents postage which should be sufficient to cover air mail postage of the forms requested.

Sincerely yours,

Dear Mr. McAlister:

As requested in your letter of February 19th, we are pleased to send to you herewith a sample copy of the application form for corporate membership in the American Institute of Architects.

One of the requirements, as you will notice, is that the applicant must be registered to practice architecture in one of the States and within the domain of the Institute. It is noted that you state that you are registered in Guam which is in the territory of the Northern California Chapter of the A.I.A.

As all applications for membership must be secured from and filed with the local chapter, if you find you are eligible, it is suggested that you get in touch with the Executive Secretary of that Chapter,

Dear Mr. Clark:

William Albert McAlister

I have known Mr. McAlister, who is applying for membership in your Chapter of the A. I. A., for several years; he was identified with our organization for approximately five years.

He is extremely capable and reliable and I recommend him to you as qualified for membership in the Institute.

Since there appears to be no place on the application for signature we have signed against our names on page 3. I am also having Mr. Dimit and Mr. Jones sign this letter and a copy so that if necessary it may be attached as part of the application.

Mr. Jones is at present in our Manila office, therefore I am sending the application and this letter to him for signature and he will return them directly to you.

Sincerely,

Dear Mr. McAlister:

The Board of Directors of The American Institute of Architects takes pleasure in informing you that it has acted favorably on your application and welcomes you to corporate membership in The Institute.

In approximately two months you will receive a certificate of membership duly executed by the officers of The Institute.

You are assigned to the Northern California Chapter and the California Council of The AIA, effective December 3, 1962.

I sincerely hope that you will take an active and interested part in your Chapter activities. The Chapter is the cornerstone of The Institute's strength where the policies which advance our profession are developed. Members who are active in Chapter affairs gain the most from A.I.A. as professional men and provide the leadership which A.I.A. needs to meet the challenges and opportunities which the future holds for architecture.

I want you to know that The Secretary's Office is at your service to the fullest extent of its powers.

By direction of The Secretary.

Sincerely yours,

SECTION 1. DIGEST OF CAREER AND ACHIEVEMENTS

WILLIAM A. McALISTER Agana, Guam

(a) Mr. McAlister has served continuously and without compensation as the Architect-member of the Territorial Board of Registration for Professional Engineers, Architects and Land Surveyors, since he was first appointed to that Board in April 1962. During his more than 17 years as Secretary-Treasurer of the Board, Mr. McAlister has contributed countless numbers of time and energy to educate and upgrade the level of these three professions. Furthermore his contribution in developing the Laws, the By-Laws and the Rules for Professional Conduct has set higher standards of professional practice within the Territory of Guam.

Mr. McAlister has, at his own expense, attended two annual conventions of the NCARB and one regional meeting of the Western Conference of the NCARB as the official designated representative of the Guam Board, and has served the National Council of Engineering Examiners on the Model Law Ad Hoc Committee as a consultant for three years from 1976 through 1978.

After being admitted to the Northern California Chapter of the Institute in 1962, Mr. McAlister devoted much of his time and effort toward establishing a local chapter to serve Guam and the Trust Territories of the Pacific Islands, and, as a result of his untiring efforts, this chapter became a reality in 1972 with Mr. McAlister being one of the three organizers and incorporators. Mr. McAlister became the second President of the Guam & Micronesia Chapter on which he has continuously served as an officer, director, or committee chairman, where he has been particularly effective in legislative matters relating to the profession.

In addition to the above, Mr. McAlister has also served as a member of the Continuing Education Committee of the AIA for two terms, and has consistently and continuously encouraged and assisted the younger members of the profession in taking the necessary steps to become licensed through the accepted registration process as approved by the AIA and NCARB.

Mr. McAlister, while serving as a member of the Territorial Board of Registration for Professional Engineers, Architects and Land Surveyors, has personally reviewed and reported on the following applications for registration: Engineers, 650; Architects, 224; Land Surveyors, 107; Engineers-in-Training, 181; and Certificates of Authority, 98.
