6. OTHER REMARKS RE QUALIFICATIONS: See attached brochure, which indicates type
(Append extra sheet if necessary) and scope of work handled.

.....

.....

.....

.....

.....

.....

.....

.....

7. SUMMARY OF PROJECT COSTS:

	Largest Single Job	All Jobs Valuation	Annual Average
Work Completed 1930-1940	\$12,500,000.00	\$100,000,000.00	\$10,000,000.00
Work Completed 1941-1946	\$22,000,000.00	\$100,000,000.00	\$20,000,000.00
Current Work under construction or working drawings authorized	\$ 1,500,000.00	\$ 7,500,000.00	\$ 5,000,000.00

8. REPRESENTATIVE WORK FOR WHICH YOU WERE ARCHITECT OR WERE ASSOCIATED WITH OTHERS:

(a) Three Projects Not Exceeding Cost of \$300,000:

Name of Project	Cost	Location	Owner
Boshamer, Inc.	\$300,000.00	Clover, S. C.	Cary C. Boshamer
Solovei, Inc.	\$250,000.00	Greenville, S. C.	Greenville Industries
Kingsboro Silk Mills	\$300,000.00	Lafayette, Tenn.	Kingsboro Silk Mills

(b) Three Projects Costing From \$300,000 to \$1,000,000:

Name of Project	Cost	Location	Owner
Individual Drinking Cup Company, Inc.	\$750,000.00	Darlington, S. C.	Dixie Cup Company
Midland Fabrics, Inc.	\$350,000.00	Oxford, N. C.	Midland Fabrics, Inc.
Bath Mills	\$800,000.00	Bath, S. C.	United Merchants & Manufacturers, Inc.

(c) Three Projects Costing Over \$1,000,000:

Name of Project	Cost	Location	Owner
Clearwater Mfg. Co.	\$1,600,000.00	Old Fort, N. C.	United Merchants & Manufacturers, Inc.
Neuse River Fin. Plant	\$1,250,000.00	Wake Forest, N. C.	Burlington Mills, Inc.
Dominion Textiles, Ltd.	6,000,000.00	Montreal, Canada	Dominion Textiles, Inc.

9. PHOTOGRAPHS/PHOTOSTATS:

The author submits herewith photographs or photostats (size 8" x 10") of several buildings for which he has been the Architect, as follows: (N.C.A.R.B. presentation acceptable.)

None available.

10. COLLABORATION WITH JUNIOR ARCHITECTS:

- (a) If an established individual or firm, are you willing to collaborate with other firms or individuals which would permit junior architects to qualify and help further their professional careers?

Yes

- (b) If in private practice at this time, name associates (if additional architects are to be added to your organization) for the purpose of qualifying:

Have sufficient staff in organization to handle job of almost any size.

- (c) If not in private practice at this time, name established architect or firm with whom you have agreed to collaborate, for the purpose of qualifying:

11.(a) I/We wish to be [X] included in the Architects' Roster do not wish to be []

(b) I/We would like to be [X] considered for the Register of Architects Qualified for Federal Public Works do not wish to be []

I/We hereby certify that the above is a true statement of facts.

Name of Firm or Individual The McPherson Company

Signed by all Principals:

John McPherson
George B. McPherson
Lloyd McPherson
John McPherson Jr.

CLIENTS SERVED BY JOHN A. MCPHERSON

The following is a partial list of clients for which John A. McPherson has furnished architectural and engineering services during his forty-four years' experience as head of THE MCPHERSON COMPANY or as Chief Engineer of the J. E. Serrine Company.

ARCHITECTS' ROSTER QUESTIONNAIRE

TO EVERY ARCHITECT IN THE UNITED STATES AND ITS POSSESSIONS:

The Architects' Roster is maintained by The American Institute of Architects as a service to the profession as a whole and to agencies of the United States Government. Every registered architect, whether or not a member of The Institute, is eligible for inclusion in the Roster. The Institute maintains custody of the Roster, keeps it up to date and in good order for use. The Roster is available to any representative of the Government and to representatives of foreign governments in Washington. Reference may be made to The Architects' Roster in negotiations with government agencies and other interested parties. Experience with the Roster since its establishment in 1946 has shown its usefulness. Growing out of an earlier Register of architects qualified for public works, The Roster provides at The Octagon an accurate, current record of the qualifications and achievements of members of the profession. It allows a positive and helpful response to requests for factual information on architects, and in that way constitutes a service to the profession.

The American Institute of Architects assumes no responsibility for the accuracy of statements made in this Questionnaire. The obligation to maintain this record as a current description of an architectural firm rests with the firm, and supplementary record forms are available for this purpose.

PARTNERSHIPS SHOULD MAKE A JOINT RETURN ONLY.

Original and one copy to be mailed to THE ARCHITECTS' ROSTER, The American Institute of Architects, 1735 New York Avenue, N. W., Washington 6, D. C. One copy to be retained by the author.

1 a FIRM (Indicate whether individual, partnership or corporation.)

Value: \$3,700,000.00

**A COMPREHENSIVE
ENGINEERING
AND
ARCHITECTURAL SERVICE**

Offered By

THE McPHERSON COMPANY

GREENVILLE, S. C.

THE McPHERSON COMPANY is a partnership of engineers and architects, organized to supply consulting and designing engineering and architectural services to a wide variety of industrial plants and institutions and for many types of projects.

THE McPHERSON COMPANY was established in October, 1943, by Mr. John A. McPherson, who is the principal partner and active head of the business. He has associated with him his three sons, G. Bruce McPherson, Ralph H. McPherson and John A. McPherson, Jr.

The firm is capable of handling, and is prepared to serve, practically any project where engineering and architectural assistance is required. This service is available anywhere in the United States and Canada, and in foreign countries where necessary. Mr. John A. McPherson and his sons have been in responsible charge of the design and supervision of the construction of over \$500,000,000 worth of construction work, exclusive of facilities, since they began the practice of engineering and architecture. This represents several thousand clients, and many of them continue to use these facilities.

The principal function of the organization is to supply its clients with expert advice and a detail planning and supervisory service, where the enterprise or project requires a wide range of coordinated engineering and architectural experience. Many technical problems are involved in large projects which require a wider scope of experience and knowledge than any one individual engineer can possess. THE McPHERSON COMPANY offers a combined service through its various divisions, each headed and staffed by specialists.

Civil, Structural, Hydraulic, Mechanical, Steam and Power, Electrical and Architectural Divisions are available to all clients served by the firm. The technical experience of specialists in each of these divisions is concentrated in working out each project's requirements.

The service offered is a comprehensive one, and takes the project from its initial conception and translates it into a complete and going reality. It represents the Owner solely, and has no connection with contractors or suppliers of materials or equipment. The project is handled from the selection of the site to the finished job, insuring the Owner that he will receive the maximum return on his investment.

THE McPHERSON COMPANY does not contract to do any of the work planned or specified; it prepares all necessary plans, specifications and schedules, which permit obtaining competitive bids and proposals for all the project's requirements, and also includes supervision of the construction, as well as the installation of equipment.

Progress schedules, detail estimates of cost, construction expense budgets, etc., are prepared, permitting the Owner to control the project throughout the period of the work. Substantial savings in cost are obtained through the purchasing power of the company.

THE McPHERSON COMPANY is prepared to render a valuable consulting service to clients or financial interests desiring to have studies, reports and appraisals made of going properties or reports and investigations of problematical projects.

Charges for services rendered are based on a percentage of the cost of the work or, in special cases, per diem and lump sum compensations are fixed; this is the only remuneration received and covers the complete service.

Listed below are types of projects served:

INDUSTRIAL PLANTS

Textile Plants:

Cotton, Woolen, Rayon and Silk
Textile Bleaching, Dyeing,
Printing and Finishing
Hosiery Mills
Knitting Mills
Cutting and Sewing;
Textile Specialties
Tobacco Manufacturing Plants
Furniture and Woodworking Plants
