It is noted that Miss Blood has the Unanimous Endorsement of the Grand Rapids Chapter, and we have so marked our records.

We have just one question to ask, to fully complete her application, and that is the number of years she has been employed as a draughtsman or as an architect. We have written to her direct on this subject.

You will be kept advised of the action taken on the application.

Dear Miss Blood:

Permit me to acknowledge with gratification, and on behalf of the Secretary, your application for membership in The American Institute of Architects, received by reference from the President of the Grand Rapids Chapter, together with your check for the Initiation Fee and first year's Annual Dues in advance.

Your application appears to be complete in every respect, and we wish to obtain the following information, merely as a matter of form to enter on your application blank, to show that all the necessary requirements have been complied with:

As you doubtless know, applicants for full Institute membership must have had not less than two years' experience as practicing architects, or three years as draughtsmen, or two years as draughtsmen and one year in practice.

Your application states that you are a draughtsman employed by Alexander McColl, and if you will let us have the above information to add to this item, the matter will be complete.

Upon receipt of your advice we shall be in a position to put your application forward to election at once. There will be a meeting of the Board of Examiners sometime during the next week, and we sincerely hope to hear from you before that time, so that your application may also receive consideration.

Cordially yours,

Executive Secretary.

Membership in The American Institute of Architects

Objects: The objects of The American Institute of Architects are to organize and unite in fellowship the Architects of the United States, to combine their efforts so as to promote the æsthetic, scientific, and practical efficiency of the profession, and to make the profession of ever-increasing service to society.

The American Institute of Architects desires and invites the membership of every practicing architect, or architectural draughtsman, who is willing to join with his professional brothers in upholding and promoting the principles and ideals of service for which the American Institute stands.

Conditions of Membership: Any resident of the United States, who is a practicing architect, or an architect engaged in professional education, or an architectural draughtsman, is eligible to membership if able to submit the required proofs of his or her professional capacity and honorable personal and professional standing.

The Chapter Relation: Chapters of the Institute are local groups of Institute members and associates or-

ganized under a form of Chapter Constitution and By-Laws which provides a standard relationship to the Institute, with varying provisions for local organization and effort. An applicant for Institute membership is assigned, upon election, to the chapter within whose territory he has his business headquarters and he will be required to pay the initiation fee and annual dues of that chapter. If he resides in the territory of one chapter and has his business headquarters in the territory of another, he may make a choice in his application.

Initiation Fee, Dues, and Publications: The initiation fee is \$25.00 which must accompany the application. The dues are \$25.00 a year. Members receive various publications of the Institute, including THE OCTAGON, a monthly bulletin, the Proceedings of Conventions, and the Annualy. The dues for the first year of membership must be paid in advance and should accompany the application.

General Requirements and Proof of Professional Ability

Educational Requirements and Experience: No exhibits of executed work or technical examination are required of an applicant who can qualify under the provisions contained in the following paragraphs, but every such applicant must send with his application in lieu of exhibits of executed work, and as evidence of the proper educational equipment, his certificate of graduation, or his scholarship award, or some authoritative writing which is satisfactory proof of such graduation or scholarship award. Photostatic copies of such evidence are acceptable.

Those not qualifying under Group I should send exhibits as required under Group II.

Group I. Exhibits are not required: Of graduates in Architecture of the Massachusetts Institute of Technology, Columbia University, University of Pennsylvania, Cornell University, Georgia School of Technology, Harvard University, the University of Illinois, the University of Michigan, Carnegie Institute of Technology, the University of California, Washington University, Syracuse University, the University of Minnesota, the University of Oregon, the University of Kansas, Yale University, the Armour Institute of Technology, the Kansas State Agricultural College, Ohio State University, University of Washington, University of Texas, Pennsylvania State College, the Alabama Polytechnic Institute, the Catholic University of America, Princeton University, the University of Southern California, University of Notre Dame, and the New York University.

Or from those who have held accredited scholarships of the American Academy at Rome, Columbia University, Cornell University, the Pennsylvania Academy of Fine Arts, Washington University, or holders of the Rotch, McKim, or Stewardson Scholarships, the win-

ners of the Paris Prize of the Society of Beaux Arts Architects or the Alumni Fellowship of the University of Pennsylvania; or from those who have passed the qualifying examinations of the Royal Institute of British Architects or the examinations for the first class of the Ecole des Beaux Arts.

Practical Experience: Applicants applying under these general requirements shall have had not less than two years' experience as practicing architects; or three years as draughtsmen; or two years as draughtsmen and one year in practice.

Unanimous Endorsement: No exhibits of executed work are required in any case when the applicant has the unanimous endorsement of his chapter. Unanimous endorsement is that endorsement in which each Institute member of the chapter had an opportunity to express himself by letter ballot either for or against the applicant proposed and in which there were no negative votes. A letter from the chapter secretary to this effect should accompany the application.

Group II. Exhibits are required: Applicants not qualifying under Group I, unless they have unanimous endorsement, should accompany their applications with simple exhibits of executed work consisting of working drawings and photographs of two executed buildings. These exhibits may be taken from the office files and need not be specially prepared. They are returned in due course. Such applicants shall have been in independent practice at least three years, or have served five years as draughtsmen.

The architectural draughtsman is not required to submit exhibits of which he is the publicly recognized designer, but he must send two such exhibits of which he can truthfully say he was the principal author, although the work was done in the office of another.

Gentlemen:

In looking over unpaid dues to the American Institute of Architects, I find that my registration fee of twenty five dollars and yearly dues of twenty five dollars were filed with the Grand Rapids chapter in February, 1932, and that I was admitted to membership Nov. 18, 1932.

As there was less than one and one half months in 1932 to enjoy the privileges of membership, should not the year's dues be reckoned from Jan. 1933 ?

Enclosed please find a postal money order for fifteen dollars to apply on account in arrears.

Dear Miss Blood:

Due to recent meetings of the Executive Committee of the Institute in Washington, this is the first opportunity we have had to respond and acknowledge your letter of March 18th.

According to our records we find that you were elected to membership in November, 1932, and that the \$25.00 for one year's annual dues in advance, which accompanied your application for membership, was applied to your dues for 1933. No deduction from that amount was made for the period of your membership from the date of election to December 31, 1932.

Accordingly, the check which accompanied your letter of March 18th was applied to your dues for the year 1934, in the amount of \$15.00.

If this does not agree with your record, please advise.

Sincerely yours,

Executive Secretary.

The membership of Miss Marion Blood was suspended on December 31, 1943 for non-payment of 1943 Institute dues and was restored October 6, 1944 when her 1943 dues were paid.

At the time of restoration a notice was sent to Mr. Harry L. Mead, at that time the Secretary of the Grand Rapids Chapter. Copy of that notice is attached. In the case of suspension the matter is not taken up with the chapter - but a notice is sent advising them of the restoration of membership.

We list below the status of Institute dues for the following members:

Dear Miss Blood:

You are a member of The Institute assigned to the Grand Rapids Chapter. Under the by-laws of The Institute, each member must maintain his chapter membership as well as his national membership.

We are advised by the Grand Rapids Chapter that you are indebted for chapter dues for the years 1942 to 1945, inclusive, and they feel, in fairness to the other members, that the account should be adjusted or the affiliation should be terminated.

The Institute feels that it must support the Chapter in a matter of this kind, and, on the other hand, it never terminates a membership for financial reasons except as a last resort.

Therefore, we write to call the situation to your attention, in the thought that the Chapter indebtedness may have been overlooked, and to ask that you make a remittance for dues to the Secretary, Mr. Warren L. Rindge.

Please take this action before April 15, as The Institute Board of Directors will meet shortly thereafter, at which time The Board must act on the recommendation from the Chapter that your membership be discontinued for the non-payment of Chapter dues.

We hope that you will let us hear from you in this matter, or that you will communicate with Mr. Rindge, who will receive a copy of this letter.

Re: Marian Frances Blood, AIA

Dear Maureen,

There have been phone calls and correspondence recently concerning the above individual and I would like to make the following clarification of the details involved:

1. The above named individual is a member of the A.I.A.
2. She is listed on your print-out of PA members as a member of the Pittsburgh Chapter, with an address of Salem, OH.
3. Pittsburgh Chapter and our records show that she resigned from the Pittsburgh Chapter on December 8, 1965 and was removed from both rosters at that time.

Unfortunately, neither the Pittsburgh Chapter files nor ours, reveal anything other than a notation of the resignation date.

Today, I phoned the Architects Society of Ohio and learned that she is not a member of any of their Chapters, but gave them full information to pursue the problem.

Therefore, since she is no longer a member of a Pennsylvania Chapter and I cannot contribute anything further to the confusion, I must throw the ball to you and the Architects Society of Ohio to solve this problem of a member without a Chapter!

Sincerely,

R. W. Meier

Dear Bob:

This is a belated reply to your letter of January 25 about Marian Frances Blood.

A chapter does not have the authority to accept the resignation of a corporate member and we do not recognize the Pittsburgh Chapter's action binding insofar as her AIA membership is concerned.

Ms. Blood is in good standing as far as national dues are concerned and is assigned to the Pittsburgh Chapter, at least technically, because we never assigned her elsewhere. To our knowledge, she has not requested a transfer, nor has she tendered a resignation from the AIA.

Normally, under such conditions we would ask the Chapter to restore the member to the rolls again and to resume billing him or her for dues. However, in this case, we're inclined to leave the matter as is because Ms. Blood has been a member for such a long time, is in her 70's, and chances are that she left Pittsburgh to go into retirement.

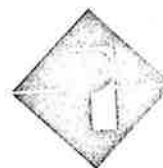

If and when she ever requests a change in her present membership status, we will, of course, be in touch with you and the Chapter.

Sincerely yours,

Maureen Marx, Director

Dear Maureen:

Emeritus Status - I am enclosing the application of Benjamin Trnavsky for Emeritus Membership in the Institute dated March 6th. Please be advised that the Executive Board approves of this application.

Reinstatement - Joseph A. St. Jean called me regarding his reinstatement in the Institute. Mr. St. Jean said that he mailed his check for \$145.00 to the Octagon on December 6, 1972. He was unable to pay the P.S.A. dues at the same time and advised me that the State Society will be receiving his check shortly. This should clear up his back dues in full. Maureen, we'll agree with whatever Bob Meier decides to do in the matter of fines, etc. He will advise you when Mr. St. Jean has paid his State and Chapter dues in full. Please be advised that the Chapter approves the reinstatement.

Missing Member - I received a copy of your letter of March 22nd to Bob Meier regarding Marian Frances Blood. Maureen, this Chapter has never arbitrarily removed a member from the rolls without prior notice from the Institute. I have checked the Minutes of the Board and enclose a copy of the Minutes dated December 16, 1965. Please note the fact that "advice was received that Marion Francis Blood has resigned from Corporate Membership." I translate that to mean that a notice was received from the Institute. Our Chapter did not have an official office at the time of this meeting. Therefore, I am unable to provide you with back-up data on this case. I've searched the "dead" files I do have on hand and no information is available except the Minutes. I would like to know what really happened with her "transfer" or "resignation."

Sincerely,

Mary L. Heindl
Executive Secretary
