It will be returned in due course.

INFORMATION FOR APPLICANTS

Any architect living in the United States or in its territories or possessions, whether or not a citizen of the United States, may be admitted to membership in The American Institute of Architects if he satisfies its Board of Directors that he has adequate professional qualifications, an honorable standing in his profession and community, and is able to undertake the pecuniary obligations of the membership.

An applicant for membership must be vouched for by two members of The Institute who must sign his application as proposers.

A member, by virtue of his membership in The Institute, becomes a member of a chapter of The Institute within the state in which he resides or has his place of business, as he elects, but he pays an admission fee to The Institute only. The admission fee to membership in The Institute normally is twenty-five dollars. (*For the current year this fee is five dollars.*)

A member pays annual dues both to The Institute and to the chapter.

For newly-elected members the dues of The

Institute for the first year of membership are five dollars; for the second year, five dollars; for the third year, ten dollars.

Therefore, check for ten dollars (admission fee and first year's dues) should accompany this application when submitted.

Normally the period between the time of filing an application and the time it is acted on by The Board of The Institute will be less than sixty days. The period will be longer if the application must be returned to the applicant for corrections or if exhibits of the applicant's work are required by The Board of Examiners, or if the chapter does not act promptly.

If an application is denied, the amount prepaid by the applicant for annual dues and for admission fee, less five dollars for examination fee, will be returned to him.

An applicant whose application has been denied without prejudice may reapply for admission to membership a year or more after the date of The Secretary's notice to him of his non-admission.

SUPPLEMENTARY INFORMATION

- General: Application for membership in the American Institute of Architects is made to the Oklahoma Chapter since no state Chapter has been organized in New Mexico. It will be my intentions, if admitted to membership, to transfer to the New Mexico Chapter if one is activated.
- Item 5: This statement is qualified by present circumstances requiring temporary absence for service with the Army of the United States. Professional practice will be resumed upon release from military duty.
- Item 14: My services as architect in association with Mr. W. C. Kruger were largely devoted to public and semi-public projects. During 1938-39 and 1940 we employed an average of eight engineers, architects and draftsmen. Through 1941 and 1942 this steadily was increased to thirty-two at the time I entered the Army. At that time the entire facilities of the office were engaged in work for the United States Army District Engineer, Albuquerque, New Mexico.

Application

June 11, 1945

Dear Mr. Bailey:

We received, with your letter of May 31st, the application of Mr. Kenneth Sears Clark for corporate membership in The Institute and the Oklahoma Chapter, and advise of the unanimous endorsement of the Oklahoma Chapter.

It is noted from Mr. Clark's application, however, that his legal residence and principal place of business are in Santa Fe, New Mexico - which is in the territory of the Colorado Chapter.

The application also states that he is commissioned in the U.S. Army Corps of Engineers, but does not give his present location. It may be that he is temporarily in Oklahoma and for that reason requests assignment to the Oklahoma Chapter.

Will you enlighten us on this point?

Under the by-laws the application should go through the Colorado Chapter and his assignment should be to that chapter, on the basis of the information contained in the application.

Further action will be held in abeyance until we hear from you.

Sincerely yours,

Executive Secretary

In re Application by Kenneth S Clarke.

Dear Mr Kemper

Your letter informing this Chapter that as the legal residence of the above applicant is Santa Fe N.M. and that same places him in the territory of the Colorado Chapter, just received. I am sure that Captain Clarke was not aware of this situation. It is also the fact that this Chapter ~~was~~ ~~also~~ uninformed. We have no desire to trespass on Colorado territory.

However, Captain K.S. Clark is at present, and has for some time past, been a resident of Oklahoma. His address is

Capt K.S. Clarke
o339711
2518th A.A.F. Base Unit
P.O.Box 77 E.A.A.F.
Enid, Oklahoma.

There is some merit to the idea that he would like to be assigned to a Chapter with whom he could meet from time to time. He may also contemplate a permanent residence here at the conclusion of his military service. In any event this Chapter will be happy to comply with whatever decision the Institute makes in regard to this application.

Sincerely Yours

Dear Mr. Clark:

As I promised you at the time of our talk in Cleveland, I have examined the file of the nomination of Bradley P. Kidder, A.I.A., for advancement to Fellowship.

As a result, I'm sorry that I cannot offer any helpful suggestions for additional data or submissions. The letters for the most part are factual and that is the type wanted, rather than numerous communications.

There is one lack - we do not have a supporting letter from Mr. Willard C. Kruger, who was one of the Directors signing the nomination; and, as you know, it is a requirement that every signer must write in support of the nomination, or indicate lack of support if that should be the situation.

This following comment may or may not have any bearing with The Jury of Fellows, but I mention it for what it is worth: On page 2 of the nomination form, item "10. Other data concerning nominee's record" only the following line appears - "Post Graduate architectural study tour of Europe 1926." The marginal note on the form indicates this space is to be used for: " * * * important experiences during employment or additional statistics of importance in nominee's record." Quite often, in other submissions, a great deal of biographical data is included in this space. If you believe anything could be added, here, and you will type it out, it can be inserted on the form. It should be borne in mind that the nominees, for the most part, are complete strangers to the members of the Jury, and anything which adds to the nominee's background and accomplishments is, of course, valuable.

I enjoyed meeting you in Cleveland, and if you come to Washington, stop in to see us.

Sincerely yours,

(Miss) Florence H. Gervais

Dear Mr. Clark:

The Institute Board and Officers are most grateful for the time and energy you have put into the Western Mountain Regional Judiciary Committee.

Unlike most professional societies, The Institute depends upon its committee members, their inspiration, judgment, and achievement, to carry forward our aims for the continued welfare of the profession and the public.

The debt owed to you committeemen is one that cannot be repaid; it can only be acknowledged with an expression of the deepest gratitude of us all.

Please do not get the idea that the end of this particular task puts you into retirement. Far from it. You are being granted a brief respite which may be interrupted at any time by a call again to active duty on The Institute's firing line.

With deep appreciation,

Sincerely yours,
