NOMINEE'S ACHIEVEMENTS IN ARCHITECTURAL DESIGN

We submit the following material in brief form as representative of the notable contribution Edward D. Dart has made to the advancement of the Profession of Architecture in the area of Architectural Design. As indicated by the numerous national and local awards he has received; his frequent requests to serve on major architectural juries, as speaker at AIA Design Conferences, and as visiting lecturer to architectural schools, Mr. Dart's leadership in architectural design is nationally recognized. We sincerely believe that these accomplishments amply warrant consideration of Mr. Dart as a Fellow in The American Institute of Architects.

His ability in architectural design was first appreciated while a student at Yale University. Studying under permanent lecturers at the School at that time such as Edward D. Stone, Louis Kahn, Richard Bennett, Mr. Dart was permitted to advance a full year and thereby graduate earlier than the prescribed term of study.

He became acquainted with Paul Schweikher while at Yale and upon his graduation moved to Chicago to work with Mr. Schweikher. After a period of work at the above office and Skidmore, Owings & Merrill he opened his own practice starting in Barrington, Illinois, then moving his office to Chicago in 1954.

Professional recognition first came to Mr. Dart through publications and awards in national magazines. In 1960 he was honored with his first of many AIA awards.

We feel that Mr. Dart's leadership in architectural design which has been established over a period of fifteen years in private practice has maintained the highest AIA standards of professional excellence.

We sincerely believe that Mr. Dart is an outstanding candidate for Fellowship in The American Institute of Architects.
