Dear Mr. Flint:

Your application for membership in The Institute and its Chicago Chapter, dated February 3, 1941, with your check for \$25.00 attached, has been received. Your desire to become a member of The Institute is appreciated by The Board.

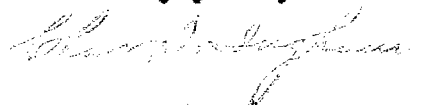

By action of The Board of Directors, and beginning with 1941, the dues for newly-elected corporate members have been set as follows: for the first year of membership, five dollars; for the second year, ten dollars; for the third year, fifteen dollars; for the fourth year, twenty dollars; and for the fifth year, twenty-five dollars if the regular dues are that amount.

Therefore, the payment required to be made by applicants at this time is ten dollars - five dollars for the admission fee and five dollars for one year's dues in advance.

We are holding your check for twenty-five dollars received for the time being. The balance of fifteen dollars could be applied to Institute dues in advance, should you be elected; or, if you prefer to forward a new check in the amount of ten dollars, the one which we are holding will be returned to you.

Your application is otherwise in due order and The Secretary will do all he can to expedite its progress, when we have heard from you as set out above.

Sincerely yours,

Secretary.

Mr. Lee C. Mielke, Secretary
Chicago Chapter, A.I.A.
53 West Jackson Boulevard
Chicago 4, Illinois

Dear Mr. Mielke:

The Jury of Fellows is holding the nominations for advancement to Fellowship of Messrs. Noel Leslie Flint, Walter Stephen Frazier, John Howard Raftery, and Andrew Nicholas Rebori, for a second consideration next year, because of the incompleteness of the nomination and supporting data.

Your attention is invited to the following:

Supporting Letters or Data for Jury Consideration

Whether the nominee is proposed by the Executive Committee of His Chapter or State Organization, or by individual members, it is of extreme importance to the Jury that nominations be supported by letters of information on the nominee. The Jury requests that these letters be factual and detailed, defining in particular the special achievement the nominee has made in various fields of professional activity. Such information is expected from all sponsors and is most desirable from individuals who know the candidate. Letters of a general character are of little aid to the candidate's cause.

Attention is invited to cases where members are proposed for advancement to Fellowship in the fields of "Service to The Institute" and "Public Service"; it would be most helpful to The Jury of Fellows if very detailed facts to bear out the outstanding services in these fields were given. Please note that in acquiring achievement in "Service to The Institute," serving as officers or on committees is not, in itself, sufficient to advance a man to Fellowship, except where such services are "rendered so faithfully, efficiently, and strikingly, that they become outstanding and inspiring."

Facts in regard to service of this type, or in Public Service, should be very detailed and explicit.

We request that this requirement be complied with and that letters of endorsement be prepared by each of the members of the Executive Committee, the sponsors, who have not already done so, and sent to The Jury of Fellows, A.I.A., 1735 New York Avenue, N.W., Washington 6, D. C., Attention of Miss Florence H. Gervais.

Mr. Flint was nominated for achievement in Design, as also were Messrs. Frazier and Raftery. Mr. Rebori was nominated for achievement in Design and Education.

We also request that the nomination of Mr. John Crosslin, A.I.A., be completed by submission of supporting letters, as described above; and by submission of exhibits of his executed work. The Chapter has this in mind, we are sure, and it is mentioned here for the sake of the records.

Further, with regard to the exhibits furnished on behalf of Andrew Nicholas Rebori, A.I.A., the Jury asks that you and the other sponsors of his nomination procure a more carefully selected exhibit, exercising the greatest discrimination in the examples selected. The Jury felt that the exhibit submitted did not exemplify Mr. Rebori's ability in design to the best advantage.

These exhibits also should be sent to The Jury of Fellows at The Institute, as indicated above.

Thanking you for your cooperation in these matters, we are

Gentlemen:

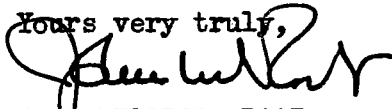

I would like to urge the Jury of Fellows to act favorably on the nomination of Mr. Noel L. Flint for Fellowship in The Institute.

Noel Flint, in association with Samuel A. Marx, has designed a number of department stores, represented perhaps best by the Cranshaw-May Store in Los Angeles; the Baxter Laboratories, an unusually fine laboratory in Morton Grove, near Chicago, and important residences represented by the Tom May Residence in Beverly Hills.

The designs of the Baxter Laboratory included all the furniture. It seems to me to be a very successful conception all the way through.

In the case of the May residence, Noel Flint and Samuel Marx designed the building but not the furniture. This residence is planned for elaborate entertaining.

It seems to me that the quality of the designs as represented by the work submitted qualifies Noel Flint for the honor of Fellowship.

Yours very truly,

JOHN WELLBORN ROOT

Dear Mr. Root:

At its meeting in March, The Jury of Fellows had before it your letter of February 19th in support of the nomination to advance Mr. Noel Leslie Flint, A.I.A., to Fellowship in The Institute.

The Jury wishes to ask your assistance in clarifying specific responsibility for design in the exhibits of the work of Mr. Flint's firm that are before the Jury.

When members of firms of architects are recommended to The Jury of Fellows for advancement to Fellowship, we are faced with problems of determining whether the credit for design belongs to one or another or several members of the firm. Not infrequently the candidate truly responsible for design, either through modesty or because of long-established loyalty to and friendship with his associates, will share the authorship which is solely his.

We most earnestly request any cooperation you may be able to extend in this matter so that the Jury may act in complete fairness on Mr. Flint's nomination.

As the writer will retire from the Jury after the coming Convention, it is requested that your reply be sent to The Jury of Fellows, A.I.A., 1735 New York Avenue, N.W., Washington 6, D. C., Attention of Miss Florence Gervais.

Sincerely yours,

Gentlemen:

Mr. Albert Simons wrote me on April 9 suggesting that it would be of interest to the Jury to know more about the part that Mr. Noel Flint, whom I had endorsed, played in the design of the work that was handled by his firm.

The two designers in the firm of Samuel A. Marx-Noel L. Flint-Charles W. Schonne are Samuel Marx and Noel Flint. Mr. Flint has as much to do with the design of their work as Mr. Marx. Whatever they have accomplished in recent years is shared by each of these men.

I hope this serves to clarify the matter.

Yours very truly,

JOHN WELLBORN ROOT

Gentlemen:

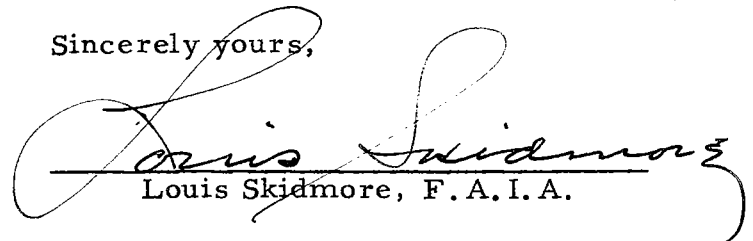

I would like to be recorded in support of the advancement of Noel L. Flint of Chicago Illinois to Fellowship in the Institute.

Noel Flint and I were students at M. I. T. during 1922 and 23, at the School of Architecture. I have known him and his family ever since.

On completing his work at school he joined the firm of Samuel A. Marx and shortly thereafter he was made a partner. He has greatly contributed to the success in his firm's development of fine architecture and has given unselfishly of his time for extra curricular work for his chosen profession.

I sincerely believe he is deserving of the honor of Fellowship and hope the Jury of Fellows concur.

Sincerely yours,

Gentlemen:

I have learned that Noel Leslie Flint has been proposed for advancement to Fellowship in the Institute. I have known Mr. Flint for over thirty years and am pleased to vouch for his integrity, ability and contributions to architectural design.

Mr. Flint has been an associate of Samuel A. Marx, with whom he has created some of the finest residential architecture in the Chicago area. They are responsible for such designs in the commercial field as The Pump Room, Chicago; the public areas of the Pierre Hotel, New York City; and the recent May Department Stores on the West Coast and elsewhere throughout the country.

Mr. Flint has been active in the Institute locally, as well as in artistic and intellectual circles.

It is a pleasure to endorse his nomination.

Very truly yours,

Attention: Miss Florence Gervais

Gentlemen:

On April 9, 1954 Mr. Albert Simons, Chairman of the Jury of Fellows requested information concerning the nomination of Mr. Noel Leslie Flint, A.I.A. to Fellowship in the Institute, particularly concerning Mr. Flint's specific responsibility for the design of the exhibits of work submitted to the Jury in his behalf.

I have not seen Mr. Flint's particular submission, but have no doubt that they do represent design for which Mr. Flint is largely responsible. Mr. Flint has been an associate of Samuel A. Marx, F.A.I.A. for twenty years or longer, and I believe has had a responsible part in all the work of that office.

The office is a small one, seldom comprising more than four or five persons and frequently with only three men actively at work. Under such circumstances it is probably impossible to say just which one of the participants is responsible for any piece of design, but there is no question in my mind that Mr. Flint's contribution to the work of the firm has been tremendously important. The quality of the work produced is of the highest order, and in my opinion Mr. Flint is highly deserved of the honor of Fellowship.

Sincerely yours,

Norman J. Schlossman
