ARCHITECTS' ROSTER QUESTIONNAIRE

TO EVERY ARCHITECT IN THE UNITED STATES AND ITS POSSESSIONS:

The Architects' Roster is maintained by The American Institute of Architects as a service to the profession as a whole and to agencies of the United States Government. Every registered architect, whether or not a member of The Institute, is eligible for inclusion in the Roster. The Institute maintains custody of the Roster, keeps it up to date and in good order for use. The Roster is available to any representative of the Government and to representatives of foreign governments in Washington. Reference may be made to The Architects' Roster in negotiations with government agencies and other interested parties. Experience with the Roster since its establishment in 1946 has shown its usefulness. Growing out of an earlier Register of architects qualified for public works, The Roster provides at The Octagon an accurate, current record of the qualifications and achievements of members of the profession. It allows a positive and helpful response to requests for factual information on architects, and in that way constitutes a service to the profession.

The American Institute of Architects assumes no responsibility for the accuracy of statements made in this Questionnaire. The obligation to maintain this record as a current description of an architectural firm rests with the firm, and supplementary record forms are available for this purpose.

PARTNERSHIPS SHOULD MAKE A JOINT RETURN ONLY.

Original and one copy to be mailed to THE ARCHITECTS' ROSTER, The American Institute of Architects, 1735 New York Avenue, N. W., Washington 6, D. C. One copy to be retained by the author.

- 1 a FIRM** (Indicate whether individual, partnership or corporation.)
Louis C. Kingscott & Associates, Inc., a Michigan Corporation
- b FORMER FIRM**, Name if any Stewart-Kingscott Company
- 2 STREET ADDRESS** 511 Monroe Street, Kalamazoo, Mich. Phone 3-2657
- 3 YEAR ESTABLISHED** 1932

4 PERSONAL HISTORIES OF PRINCIPALS

Furnish data complete, but keep to essentials. Describe each member of firm individually; if more than four, append extra sheets.

Louis C. Kingscott

	NAME OF PRINCIPAL	NAME OF PRINCIPAL

5 REMARKS CONCERNING QUALIFICATIONS OF FIRM

(This space is best used to present qualifying information such as number of employees, amount of office space, financial information and other information presumed of interest to a prospective client. Append extra sheet or use back of this form, if necessary.)

The work of this company includes the design of all types of structures, preparation of estimates, supervision of construction and installation of equipment. The present staff is composed of men carefully screened and selected for their specialized technical skill, experience and definite ability to cooperate. These basic qualities result in a staff capable of a high degree of integration necessary to the precision work required in an efficiently designed structure. At present the company has more than 70 technically trained men in its home and branches offices and has agreements with other specialists which permits rapid, efficient expansion in any emergency operation. Our branch offices are located in Sterling, Illinois and Davenport, Iowa. Our Davenport Branch Office was formerly the office of Seth J. Temple & Arthur Temple, Architects, and was assimilated by this firm early in 1952.
