

Ref. Appl of James C. Teague

Calgary, Alberta, Canada,
March 11th, 1911.

Mr. Glenn Brown,

Secretary, American Institute of Architects,

The Octagon,

Washington, D. C., U. S. A.

Dear Sir:-

I received your letter of February 25th addressed to me at North Yakima, Wash. containing application blanks for Institute Membership for which kindness, I wish to thank you.

I have intended, for more than a year past while maintaining an office and a practice, and Chapter membership, at Seattle, Wash. to make application for Institute membership, but now I have discontinued my office there and am about to establish an office in this City, but I am, and shall so remain, a citizen of the United States, and a member of the Wash. State Chapter, and will continue such membership, and will also become a member of the Alberta Association of Architects which is imperative under the laws of this Province, to be allowed to practice, and I desire to become an Institute member, even though located for the present in a foreign country. I will therefore

ask you to kindly advise me as to whether under these circumstances I may properly make application and become an associate member A. I. A.

On receipt of your reply, I will act in this matter in accordance therewith.

Yours very truly,

James C. Teague

Dear Sir:*

Replying to yours of the 11th March, 1911: I see no reason so long as you continue to be a citizen of the United States and a member of the Washington Chapter why you should not be entitled to apply for membership in the Institute. I would be pleased to receive your application and to submit same to the usual routine as required under the Constitution and By-Laws. Kindly note in the application the requirement for separate endorsement of the clauses relating to the Codes of ethics and competitions. If you could get your application to me within the next two weeks I would be able to include it in the ballot which we are about issuing.

Yours very truly,

Secretary.
