ARCHITECTS' ROSTER QUESTIONNAIRE

TO EVERY ARCHITECT IN THE UNITED STATES AND ITS POSSESSIONS:

The Architects' Roster is maintained by The American Institute of Architects as a service to the profession as a whole and to agencies of the United States Government. Every registered architect, whether or not a member of The Institute, is eligible for inclusion in the Roster. The Institute maintains custody of the Roster, keeps it up to date and in good order for use. The Roster is available to any representative of the Government and to representatives of foreign governments in Washington. Reference may be made to The Architects' Roster in negotiations with government agencies and other interested parties. Experience with the Roster since its establishment in 1946 has shown its usefulness. Growing out of an earlier Register of architects qualified for public works, The Roster provides at The Octagon an accurate, current record of the qualifications and achievements of members of the profession. It allows a positive and helpful response to requests for factual information on architects, and in that way constitutes a service to the profession.

The American Institute of Architects assumes no responsibility for the accuracy of statements made in this Questionnaire. The obligation to maintain this record as a current description of an architectural firm rests with the firm, and supplementary record forms are available for this purpose.

PARTNERSHIPS SHOULD MAKE A JOINT RETURN ONLY.

Original and one copy to be mailed to THE ARCHITECTS' ROSTER, The American Institute of Architects, 1735 New York Avenue, N. W., Washington 6, D. C. One copy to be retained by the author.

5 REMARKS CONCERNING QUALIFICATIONS OF FIRM

(This space is best used to present qualifying information such as number of employees, amount of office space, financial information and other information presumed of interest to a prospective client. Append extra sheet or use back of this form, if necessary.)

The firm's number of employees varies with work in progress. Two small offices are maintained. The main office which includes the drafting room is located in the country near Roselle, Illinois. Besides the two partners a secretary and four draftsmen form the nucleus. There is room in the office for four additional draftsmen. A small office for conference is maintained in Chicago at South Michigan Ave. The firms junior partner Edward H. Bennett, Jr. runs this office. A conference room (11x20) outer office for the secretary and a small drafting room for two tables make up the space. Expansion is possible.

The firms account is maintained at the Harris Trust & Savings Bank, Chicago. The firm has purposely kept itself small due to the wish on the part of its principals to actively engage in the profession of Architecture.

6 CONSULTANTS USUALLY EMPLOYED: (If a member of your staff, so state.)

a STRUCTURAL ENGINEERS

Name of Firm or Individual..... Thomas R. Shaver
Business Address..... 53 West Jackson Blvd., Chicago, Illinois
