Membership

Application for Membership

.December first , 1918 To the Secretary of the American Institute of Architects, The Octagon, Washington, D. C. Sir: I hereby apply for Membership in the American Institute of Architects under Class as A and B. I hereby certify that the following statements are correct: Name Howard Dwight Smith Place and date of birth Dayton, Ohio, February 21st, 1886. Graduate in architecture Bachelor of Architecture, Columbia University, 1910.
[Give name of institutions and year.—Evidence of Diploma or Certificate of graduation to be submitted with application.] Holder of Scholarship in architecture Perkins Travelling mellowship, Columbia, 1911.
[Give name and year.] Passed the qualifying examinations of the Royal Institute of British Architects, or the examinations for the first class of the Ecole des Beaux Arts..... [State which, and year.—Evidence of Certificate to be submitted with application.] If an Associate of a Chapter of the Institute, give date of admission thereto..... If practicing architect, firm name..... Collegiate and office training Degree C.E.in Arch. Ohio State Univ., 1907.

My John Russell Pope. June 1910 to Feb. 1918; Albro & Lindeberg, Oct. 1909 to June 1910; James Knox Taylor, Supervising Arch

Jan to Oct. 1909; Professor of Arch. Ohio State Univ. Feb. 1918.

Thave carefully examined the Constitution and By-Laws of the Institute and the "Circular of Advice" Relative to Principles of Professional Practice and Canons of Ethics," and I agree, if elected, honorably to maintain them. I further agree, if elected to membership in the American Institute of Architects, that if at any time my membership shall cease, either by my own resignation or by any action taken by the Institute, I will then, by that fact, relinquish all rights of any character that I may have acquired by reason of such membership in the property, real or personal, of the American Institute of Architects, and of the Chapter of the Institute of which I am then a member. I hereby certify that the signer of this application was duly elected an Associate of the [For use when the applicant is an Associate.] Chapter, A. I. A., on the following date.... Secretary. We, the undersigned members of the American Institute of Architects, have carefully examined the foregoing statement and believe it to be correct. We know the applicant personally, and consider that his work and practice warrant his admission to Membership. [The signatures of thee Institute members are here required unless the applicant has the unanimous endorsement of his Chapter, in which case certification to that effect should be made above by the President and Secretary. Unanimous endorsement is that endorsement in which each Institute member of the Chapter had an opportunity to express himself by letter ballot either for or against the member proposed. No other form of unanimous endorsement will be accepted.]

HOWARD DWIGHT SMITH ARCHITECT COLUMBUS, OHIO

December 6, 1918.

To the Secretary of the American Institute of Architects, The Octagon, Washington, D. C.

Sir:

I am enclosing herewith my application for membership in the Institute.

You will note that I have among my endorsers Prof. Hamlin, who was the executive head of the Department of Architecture at Columbia University at the time I graduated there, and during the period of my Fellowship.

If it is necessary, in addition, that I forward my diploma and my Fellowship credentials, I shall be glad to do so.

Yours very truly,

Howard a wight mith

COLUMBUS CHAPTER

AMERICAN INSTITUTE OF ARCHITECTS

COLUMBUS, OHIO. December 30, 1918

Mr. E. C. Kemper
Executive Secretary, A. I. A.
The Octagon
Washington, D. C.

AN -2 1972

Dear Sir:-

In talking with my colleague, Mr. H. D. Smith a few days ago, he told me that you had acknowledged receipt of his application for Institute membership and that you had asked him to send photographs of three examples of executed work.

I am writing in the interest of the Columbus Chapter to find out if these are necessary. The application blank would indicate that a graduate of Columbia and a holder of an approved traveling scholarship, would not be required to present an exhibit. In order to do so, Mr. Smith would have to present work done while in the office of Mr. John Russell Pope or proposed work he has done in the office of the University Architect here, - none of which owing to the conditions imposed by the war, has been executed.

It was at my earnest solicitation that he made application and I feel that he would be a very material addition to the membership of the Columbus Chapter. If the photographs are necessary he feels thay he can obtain some from Mr. Pope's office with a statement that they are his work.

Trusting that I may have an early reply and extending the Columbus Chapter's greetings for the New Year, I am,

Very truly yours,

CStJC-S

President

Chas. Stf. Chubb Pr.

January 22-1919

Dear Sir :-

At the request of Mr. Baldwin, Chairman of the Board of Examiners, I am responding to your letter of December 30th to the effect that the exhibits really desired by the Board of Examiners in Mr. Smith's case are such as will show his capacity as an architect. The fact that such work was done in the office of another man is not material.

With this in mind, I feel sure that Mr. Smith will have no difficulty in sending exhibits which will prove satisfactory to the Board.

Very truly yours,

Executive Secretary.

Fr. Charles St. John Chubb, Jr. President, Columbus Chapter, Columbus, Ohio

THE OHIO STATE UNIVERSITY

W. O. THOMPSON, PRESIDENT

DEPARTMENT OF ARCHITECTURE AND CONSTRUCTION JOSEPH N. BRADFORD, UNIVERSITY ARCHITECT RAY SIMS, CHIEF DRAFTSMAN H. F. REIGHARD, CLERK OF WORKS C. RELLY, CLERK

COLUMBUS January 27, 1919.

Dear Sir:

It seems that I am the unsuspecting victim of kind friends in the matter of my application for membership in the Institute.

After receiving your letter of December 9th, I had decided todefer further action until such time as I could present several very interesting things which are materializing from my present endeavors rather than depend upon what is past, and a part of my work for others.

I have just been in touch with Mr. Chubb and I find that his activities in my behalf have been actuated by a desire to put me to work in his Chapter here, and he feels that I should be officially affiliated with the Institute as soon as possible.

With reference to the photographs from New York, which you mention in your letter of January 25th, I must say that I, too, am ignorant of them. It may be possible that some member of the committee, perhaps Mr. Baldwin has communicated with Mr. Pope.

For the information of the committee, however, I may offer the accompanying catalogue of my activities with Mr. Pope, most of which have been the subject of illustrated material in the architectural press. Mr. Pope is prepared to substitute these statements with complete sets of office photographs and working drawings of the buildings mentioned, if necessary. He has very kindly even gone so far as to give me some little credit on the Temple work, although I am sure I can claim but slight connections with any part of that work except in the preparation of working drawings and interior ornamental detail drawings.

At Mr. Chubb's request today, I am sending this communication, posthaste, with a view to having my application considered in the 29th, if this information is sufficient. If it is not, I should be very pleased to comply fully with the letter as well as the spirit of the Institute requirement, which to my way of thinking is not at all too strict.

Yours very truly,

Howard Dwight Fruit.

GOLUMBUS February 7, 1919.

Mr. William Stanley Parker, Secretary, American Institute of Architects, The Octagon, Washington, B. C.

Dear Sir:

In your communication of February 1st, I find the name of Howard Dwight Smith, who will come before the Board of Directors for admission to the Institute.

I have been personally and intimately acquainted with Mr. Smith since 1904. I first became acquainted with him as a student in my classes in Architecture at the University and have kept in close touch with him throughout his career since that time.

His work in the U. S. Supervising Architect's Office, Washington, D. C.; his work at Columbia University in Architecture; his traveling scholarship in Europe; his work with John Russell Pope; his literary contributions to the architectural magazines, and now his work in the Department of Architecture, Ohio State University, all bears the stamp of keen architectural perception and ability.

He possesses all of the desired qualifications for a valued member of the Institute and it is an extreme pleasure to vouch for him as an applicant to membership and I trust that he will be favorably considered.

Sincerely yours,

JNB/CK

Professor of Architecture

THE AMERICAN INSTITUTE OF ARCHITECTS THE OCTAGON, WASHINGTON, D.C.

April 1st-1919.

Approximate States

My dear Mr. Smith:-

As Secretary of the Institute, it is my pleasure and duty to advise you of your election to membership in the American Institute of Architects, effective March 31st, 1919.

You have been assigned to the Columbus Chapter, and I am sending a copy of this communication to Mr. C.E. Richards, the Secretary.

The Annuary for the current year and the Proceedings for the 52nd Convention will be distributed in June of 1919. Two circulars concerning the Convention are enclosed herewith.

The enclosed statement for initiation fee and dues should receive early attention, as the engrossed Certificate of Membership is mot sent until the initiation fee has been paid, and election becomes void within three months of this date for non-payment. Under the customary procedure you have not been charged with annual dues for that portion of the first half of the current year intervening between the date of election and July first.

May I take this opportunity to say that the office of the Secretary at the Octagon is for the service of every Institute member. Should the occasion arise, we will be pleased to give you our best cooperation.

very truly yours,

Secretary.

Mr. Howard Iwight Smith, Ohio State University, Columbus, Ohio.

Nov. 7, 1921.

My dear Mr. Kemper:

Through you I wish to acknowledge the receipt of the Exhibition Gold Medal which was awarded at the May convention, and to thank the Board of Directors for their part in the action.

I am not unmindful of the responsibility which attaches to this award. Please assure the directors of my sincere desire and wish so to uphold the ideals of the Institute and of the profession as to warrant continued and every increasing confidence on the part of the public.

Personally, I consider such a material thing as a Medal rather an incentive to service than a reward of merit.

With best personal wishes, believe me

Gentlemen:

The Executive Committee of the Columbus Chapter at a duly called meeting on December 27th unanimously nominated Mr. Howard Dwight Smith, a member of this Chapter, for Fellowship in the Institute.

Under separate cover we have forwarded by Air-Mail to you AIA Form S38 (Chapter) nomination for Fellowship by Chapter of Mr. Howard Dwight Smith, a member of the Columbus Chapter since 1919.

The Secretary of the Columbus Chapter certifies that the nominee has been in good standing in the Columbus Chapter during the past ten years.

The Executive Committee regards Mr. Howard Dwight Smith as an architect who has notably contributed to the advancement of the profession and is deserving of your sincere consideration for this honor.

Yours very truly,

President

Secretary

Member of Executive Committee

P.S. In accordance with your instructions, supporting data, letters and photographs will be forwarded not later than March 25th.

The Jury of Fellows, The Octagon. 1741 New York Ave. N.W., Washington 6, D.C.

Gentlemen:

Re: Nomination H.D. Smith

Under separate cover we are forwarding a series of 61 photographs and photostats referred to in our nomination of Mr. Howard Dwight Smith dated December 27, 1943.

You will note that one subject, The Marietta City Hall, has been omitted, and that one subject, Columbus West High School has been added. The former was listed among work executed in association with other members of the profession, of which a sufficient number of examples remain. The latter is an example of large school building design and supplements the other two already on the list, Bexley Junior High School and Upper Arlington Elementary School.

We have encouraged immediate action from Chapter members and other Institute members with regard to supporting letters which you should receive in the very near future.

Sincerely yours,

The Executive Committee The Columbus Chapter, A.I.A.

National Institute Affairs:

- 1. Committee on Practice: 1925 to 1935, inclusive.
- 2. Committee on Contract Documents: 1939 to 1943, inclusive. Vice-Chairman, 1941. Work of the Committee in 1940, 1941 and 1942, a revision and reprint of the A.I.A. Handbook.
- 3. Delegate to M.I.A. Conventions: 1920, 1923, 1928, 1929, 1934, 1937, 1939, 1942 and 1943.

Local Institute Affairs:

The nominee served as Chapter President for the years 1927-1928. He served actively on local committees since his election to the Institute in 1919.

He has served as Chairman of the following committees:

- 1. Education
- 2. Legislative
- 3. Publicity
- 4. Professional Relations
- 5. Public Improvement 1942 and 1943

A. Form S38 Page 7.

NOMINEE'S ACHIEVEMENT IN PUBLIC SERVICE

1. List the public offices held by the nominee and the positions of trust held by him in recognition of civic leadership, and state clearly his notable work in public service and the particular influence of that work which the nominators believe to be a notable contribution to the advancement of the profession.

Notable contributions to the advancement of the profession are indicated by the moninee's public service in the following fields:-

(a) Executive administration of the architecture and construction work of the Columbus Board of Education during its intensive program of 1921 through 1929, and of the Ohio State University from 1929 to the present. This work has resulted not only in buildings of a generally high standard, both as to plan and elevation, but in the efficient expenditure of public funds entirely free from any political implications, and to the satisfaction of the public and the profession alike.

Of particular significance in the Board of Education program was the nominee's insistance upon including architectural as well as structural rehabilitation of certain obsolete school buildings. This involved only a small percentage of the ten millions of dollars expended on the total program, but the study and effort put into this generally thankless task brought to several blighted sections of the city the only aesthetic touch they have had in a generation.

(b) As Vice President of the Allied Architects' Association of Columbus during its entire existence from 1923 through 1936 (an organization of all interested local architects, formed by the Columbus Chapter at the request of City Council), the nominee was designated by its President, the late George H. Bulford, to act as the spokesman for the Allied Board of Managers on the occasion of conferences and public contacts. The commissions performed for the City during these thirteen years, included the development of the Civic Center, the City Hall, under two contracts, the Fublic Service Building, substations for the Police and Fire Departments, and numerous small commissions of a public nature for which professional advice is desired but seldom received by the public officials of the average mid-western city.

Continued on Attached Page 7.1

(c) The nominee is a constant contributor of addresses on platform and radio on architectural subjects which promote public interest in architecture throughout central Ohio. Typical of such subjects:-

"Appreciation of Architecture as a Fine Art." "Why the Engineer in the Business of Architecture?" "Private Capital in Low Cost Housing." "Analysis of the Current Building Situation." (This subject is presented periodically before local business organizations). "Italian Sketches: Five Travelogues." (Illustrated by fifty or more original sketches, copies of some of these are submitted herewith). "Thomas Jefferson - Gentleman Architect." (Prepared for private presentation in November, 1942, to the Kit Kat Society of Columbus, and also presented to the Columbus Chapter AIA in March, 1943, as a memorial to the Statesman-Architect. As yet unpublished). "War Memorials in Europe, 1920 to 1930."

- (d) Currently he is a member of the Chamber of Commerce Committee on Post-War Re-Adjustment, serving as one of seven on its steering sub-committee, and as such is co-operating with the Columbus Mayor's War Services Board and the Franklin County Commissioners' recently appointed Planning Board.
- (e) Examples of community service:-
 - 1. Since 1918, as architectural advisor to the Board of Education of the residential suburb of Upper Arlington, during its growth from a village of 50 families to its present status of an incorporated city of 6000.
 - 2. Since 1920, architectural advisor to the Campus Committee of Wittenberg College, for the City of Springfield, Ohio.
 - 3. 1922-23, architectural advisor to the Building Committee, Columbus Y.M.C.A., during the construction of its Metropolitan Branch, for which funds had been raised by popular subscriptiom. (Shattuck & Layer, Chicago, Architects).

Bear Mr. Saiths

It is my privilege to advise you of your election as a Fellow of The American Institute of Architects by action of the Jury of Fellows at its meeting in Gincinnati on March 7, 1945.

Notice of your election is being sent to the Columbus Chapter.

A certificate of advancement to Fellowship will be sent to you or presented to you in due course.

The Officers and Directors of The Institute join me in extending to you their congratulations.

Sincerely yours,

Secretary

Mr. Howard Dwight Smith, F.A.I.A. Brown Hall Ohio State University Columbus (10), Ohio

ACR/EX

THE OCTAGON, WASHINGTON, D. C.

June 8, 1945

Dear Mr. Inscho:

Customarily certificates of election to Fellowship in The Institute are presented with appropriate ceremony at an annual convention.

The Convention of 1945 was a reduced one and there was no opportunity for the presentation of honor awards.

Therefore, The Board of Directors is requesting the Chapters of The Institute to receive and present the Fellowship certificates.

The recipients of the honor have been notified by The Institute, and citations will be published in The Journal. The delivery of the certificates and citations remains to be made.

In view of these conditions, The Board of Directors requests the President of each Chapter to arrange for a presentation, at some appropriate meeting of the Chapter - with the suggestion that the Regional Director be invited to participate if that is feasible.

We send herewith the Fellowship certificate and citation by The Jury of Fellows, signed by The Secretary of The Institute, for the following:

Howard Dwight Smith

If you will receive these documents as President of the Chapter, and bring about their delivery along the lines indicated above, The Institute will indeed appreciate your courtesy and help.

Sincerely yours,

Secretary

February 12, 1952

Mr. Howard Dwight Smith, University Architect University of Ohio Columbus, Ohio

Dear H.D.:

Please excuse the delay in replying to your recent letter regarding your proposed trip to the Mediterranean and Egypt. I had hoped to see you over the past week-end at the meeting of the School Building Committee.

There is no particular machinery or protocol to be observed insofar as the Institute is concerned. I enclose herewith a letter of introduction written by Executive Director Purves.

I found that I was very readily and very cordially received by architects wherever I went. In Zurich I called, by arrangement, on Professor Weber, who is assistant to Professor Hoffman, the head of the School of Architecture in the Technical University, Professor Hoffman being seriously ill at that time.

The Technical University is just at the top of the run of the interesting cable car, the lower end of which is not far from the Station Plaza in Zurich.

The present director of the American Academy in Rome is Laurance Robert.

I suggest that you write to Ralph Walker, 101 Park Avenue, New York, asking for names of desirable contacts along the way and in Egypt. As you know, he is an officer of the Union Internationale des Architectes and probably has a wider foreign acquaintance than almost anyone else in the profession at this time.

He has been in Europe twice during the past twelve months in connection with the affairs of the Union.

If your plans include England, we should of course be glad to provide a letter of introduction to Mr. Spragg, Secretary of the R.I.B.A., and numerous others whom I saw recently.

Sincerely yours,

Walter A. Taylor, Director Department of Education and Research

January 5, 1956

Mr. Howard Dwight Smith, F.A.I.A. Ailema Hotel Gare de Remleh Alexandria, Egypt

Dear H.D.:

Many thanks to you for your thoughtful letter with appendix of December 27th.

In dealing with the problem of bureaucratic encroachment at the national level of The Octagon, we are concerned with those inroads that have been made by Federal Bureaus in the province of the private practitioner and which have caused distress to the profession. I am happy to say that our efforts now have been largely successful, though as eternal vigilance is the price of liberty so is it the price of freedom to pursue one's salling as an independent American.

It seems to me that there is quite a difference between what we have to contend with with the Federal Bureaus and what our architects have to contend with with state and municipal bureaus and the rather restricted operation of the State University Architect.

The test is, however, whether or not the profession resents with justice the existence of a bureau. At the national level, the profession is vehemently resentful and we are informed that the same is true of state and municipal levels.

We do urge that governmental architectural offices be maintained for the purpose of programming, initiating legislation, engagement of the primate practitioner, and supervising construction.

Presumably, the cost of maintaining the University Architect of Ohio State University is well audited and reveals itself in the accounting from year to year. This is not true of the Federal Government where the cost of maintaining bureaus is hidden and camouflaged.

If I was unfair, and presumably I was to a small segment of the membership of The Institute, it was unwittingly, and I think probably because we have never thought of the University Architect in the same category as the predatory bureaus which are a very real menace to the welfare of the profession.

I did appreciate your letter very much.

I do not know if anything will come of our correspondence with Mr. Pearson, but it well might be.

In the meantime, please have a wonderful time abroad and we look forward to seeing you on your return.

With our kindest regards,

Sincerely,

Edmund R. Purves Executive Director

Mr. W. Kex Davis, Vice-Fresident Huntington National Bank 17 South High Street Columbus, Ohio

My dear Rex:

Just today I have received the dues invoice for my American Institute of Architects' 1956 obligation. According to our pre-arrangement I am sending this to you with authority to pay by check directly to Washington. (See item A-II-a. of our letter of Aug. 17th) I hope these pre-arranged items have not caused you undue inconvenience but it seems we Egyptians are so concerned that none of our precious pounds and piasters slip out of the country we must insist upon some regulations which we Americans do not always understand. As guests in a strange Arabic land we comply, without question, to regulations and even living customs which we may wonder about, wondering what our attitude would be at home if circumstances were reversed.

Our experiences here are interesting and enlightening, particularly in this cosmopolitan metropolis of Alexandria - where one of the main qualifications of your secretary is that the ring of the telephone must be answered in any one or more of at least five languages (not including "sign").

I shall have a group of interesting pictures to show you when I return next July. Meantime my regards to you, the group at the bank and our other mutual friends.

Dear Walter:

Retiring is not as easy a job as it might seem. But I have just noticed in the A.I.A. Directory that several of my friends are designated (e), Emeritus.

I already have "emeritus" classification at the University. Your classmate "Pete" Linch has taken over my job as University Architect, so I am a professional free lance, both architectural and educational.

I do not know anybody better than you to ask what procedure to follow to be put on emeritus status in the Idnstitute. Can you let me know? Thanks.

Yours sincerely

Howard Dwight

THE Weath of Howard Dwight Smith, Ohio State University architect, removes from the Columbus scene one of its most respected and accomplished citizens.

> DAYTON, OHIO, NEWS Circ. D. 154,532 S. 182,238

APR 28 1958

H.D. Smith Dies; Planned OSU Stadium

Howard Dwight Smith, native of Dayton and graduate of Steele high school in 1903, died Sunday in Columbus.

Mr. Smith was the Ohio State university architect whose first major project was to design the giant Ohio stadium.

Designer of the majority of the buildings on the OSU campus, he retired officially in June, 1956. His last major projects were the St. John arena and the French

First affiliated with OSU in 1918 as an architect and also as a professor in that field, he left the campus in 1921 to become associated with the Columbus Board of Education, but returned to OSU in 1929.

HE DESIGNED 50 buildings for Ohio State, including the gym and natatorium, faculty club, and bacteriology, sociology and botany and zoology buildings.

Smith was graduated from Ohio State, where he studied civil engineering and architecture, in 1907.

His principal buildings included not only the stadium, for which he received the exhibition gold medal, American Institute or Architects, 1921, but the columbus cry hall and West high

Other major Ohio buildings. which stand as monuments to Smith include 25 schools in central Ohio, the Marietta city hall. the Springfeld, O., Masonic tem-ple and the Opper Arlington elementary school.

His designing skill is reflected in more than 50 university buildings—the majority of those on the campus — and in several Columbus structures, including City Hall and West High School.

His first major project—Ohio Stadium—has stood for 35 years as a classic example of his work. It is still considered by coaches, players, spectators and architects as one of the best designed stadia in the country.

So highly thought of was his stadium design that it won for him in 1921 the Exhibition Gold Medal of the American Institute of Architects.

Although in ill health in recent years, Mr. Smith remained fairly active. His most recent projects were the St. John Arena and the French Field House.

Architect Smith with his staff—designed in 1933 a pattern of growth for the university. The university has adhered to this pattern, the campus figuratively rotating around an axis of 15th Ave. extended, and has developed into one of the largest, most attractive and functional educational plants in the Midwest.

Although death has stilled the hand that literally designed Ohio State University, the memory of Howard Dwight Smith will be perpetuated on the campus where the more than 50 buildings that bear his handiwork stand as living monuments to his architectural skill.
