Part A. DIGEST OF ACHIEVEMENTS

Robert Lee Wold Grand Rapids, Michigan

Nominated by Grand Valley Chapter for Achievements in Service to the Profession

Sponsor: Z. Jan Krygowski, Chapter Secretary  
428 Comstock Blvd., NE  
Grand Rapids, Michigan 49505

CATEGORY #1 - SERVICE TO THE PROFESSION

Mr. Wold has been a principal in A/E firms in Western Michigan since 1956. During this entire period, he has been an active leader in his community and his profession. Through his executive positions in NCARB, MSA, AIA, and state government, he has made significant contributions to the profession. He has also devoted countless hours to speeches, slide lectures, panel discussions and other public appearances designed to improve the understanding of Architecture by students, local governments, and the community at large.

He has been a member of the State Board of Architects since 1975; Chairman from 1979-81. He has a vital concern for the quality of education and apprenticeship for people entering the profession. During his Board Chairmanship, the I.D.P. Program was adopted by Michigan as certification for training experience, and the Michigan Registration Act was revised to include an Accredited Degree Requirement.

He served on the NCARB Procedures and Documents Committee which recommended the Accredited Degree Requirement for future holders of the National Certificate. He was Chairman of the NCARB Committee that worked in cooperation with AIA, NSPE, and B.O.C.A. to develop a national guideline describing projects which required professional design services and those which do not. Currently he is Assistant Coordinator of the Site Design Section of the Architectural Registration Examination Committee.

In his AIA activities, Mr. Wold has held most chapter offices in two AIA chapters; West Michigan and Grand Valley. He was a co-founder of Grand Valley in 1962. He has chaired most important chapter committees. Because of his work in these AIA offices, he was elected to the regional board in 1962 and advanced through all executive offices to Regional President of the Michigan Society of Architects in 1966.

During his terms as MSA Vice President and President, he established and funded a permanent regional staff and office in Detroit, and hired an architectural representation at the state capitol in Lansing.
