Dear Mr. Corgan:

Recently, an Executive Committee of a Proposed Hotel for Tyler, has selected and is negotiating with a Firm to furnish Architect - Engineer Services. That firm was selected in preference to a number of Nationally recognized, A.I.A. affiliated, firms. Selection of the firm was based upon commitments, which, in my understanding, are not in accordance with the ethics of the profession as recommended by the A.I.A.

I am writing to request a copy of a report, if one exists, or if one can be ethically furnished by the local St. Louis Chapter or the National Headquarters concerning the activities and reputation of the firm.

The name and address of the firm in question is:

Design Incorporated
Ninth & Sidney Streets
Saint Louis 4, Missouri

Their representative was, Fred J. Hughes.

I am requesting your immediate reply and action, if that is in order, since the Architectural Committee has already made the tentative selection and is in the process of negotiation a Contract with the firm.

2. Describe nominee's notable work in design, to bring out the particular achievements the nominators believe have notably contributed to the advancement of the profession.

E. Davis Wilcox has over twenty years of practice in the community and East Texas, and has blended the concepts of design with ease and authority. An honest simplicity of design has developed an overall continuity offering a sensitive but distinct contrast to the Architectural environment in the area. This influence is evident in projects from the smallest cottage to the large educational building or commercial structure and ranges from bare essentials to a total design resulting in harmony in every detail.

He is the recipient of over 15 honors and awards from the State, National and International level and has served on design juries and boards throughout the country.
