Dear Mr. Williams:

The President and Board of Directors of The Institute have asked me to express their appreciation of the work you have done on behalf of The Institute and the profession, in serving on this Committee. The strength of The Institute is largely derived from such unselfish service as you and your fellow committeemen have given to it.

As your term has expired, the vacancy has been filled in accordance with a policy of more rapid rotation of committee assignments, in order to give an increased number of members an opportunity to participate in committee activity, and not to burden too greatly any member with such duties.

Nomination of Fred Carter Williams, AIAActivity (Accomplishments in North Carolina Chapter, AIA)

Second only to Institute President Odell, I consider Carter Williams to be the strongest and most influential member of the North Carolina Chapter and the most capable president the Chapter has had since I became an active member.

His regime came at a critical time in our Chapter life. Implementation of programs commenced under Odell required peerless leadership in his successor. Carter Williams fulfilled this requirement more than adequately. Additionally, he instituted and executed equally important programs of his own which redound to the continuing vigor of the Chapter today.

His courage and foresight led to our making the venture to employ our first executive secretary and to take over the publication of our Chapter magazine as strictly a Chapter activity as opposed to a previous commercial production. Time has proved the wisdom of these ventures.

Under the Nominee's tactful and forceful leadership, the State of North Carolina amended its Architectural Practice Act and adopted its first graduated fee schedule. These and other achievements were attributed in large measure to his articulate and persuasive personality and ability.

Carter is held in high esteem by both colleague and general public and would do honor to the College of Fellows if elevated to that distinction. In an overall way, he epitomizes the desired public image of an Architect.

No duty assigned to him was ever taken lightly, and every responsibility he assumed was discharged with competence, enthusiasm and efficiency. Because of a restricted work schedule, occasioned by a previous mild heart attack, he declined a possible nomination as President of this Board, which would have possibly, had he accepted, been a clearer indication of his leadership. Carter Williams has been an acknowledged leader in our profession of unquestioned integrity and professional ethics.

Actual

Mr. Williams has been a leader in our State Chapter affairs and has made and is making a real contribution to the profession in many ways. He is an outstanding person as well as a very capable architect.

Mr. Williams has demonstrated his design abilities in the design of a branch office for the Branch Banking & Trust Company located in Raleigh. This building is a real contribution to the community because of its sensitive handling of materials, and the complete integration of the work of a landscape architect and the work of a local artist for a stained glass and metal screen. On a second branch bank for the First National Bank & Trust Company in Raleigh, he worked with exceptional skill on a very difficult site. In addition, his work on the addition to the School of Design building at the N. C. State College Campus in Raleigh, on which George Matsumoto was consulting architect, shows his ability and interest in overall design. I do sincerely recommend Mr. Fred Carter Williams for Fellowship in the Institute.

THE NORTH CAROLINA CHAPTER IS THE LARGEST GEOGRAPHICALLY SPREAD (NON URBAN) CHAPTER IN THE INSTITUTE. SERVICING MEMBERS FROM WILMINGTON TO ASHEVILLE IS EXTREMELY DIFFICULT. DURING MR. WILLIAMS TERM OF OFFICE, HE SUCCEEDED IN DEVISING A FORMULA FOR SUPPLEMENTARY DUES THAT WAS ACCEPTABLE TO BOTH INDIVIDUALS AND FIRMS THROUGHOUT THE STATE. THIS SUPPLEMENTARY DUES PROGRAM HAS PERMITTED THE CHAPTER TO HIRE A FULL TIME EXECUTIVE SECRETARY AND TO PUBLISH A MONTHLY MAGAZINE. I knew the candidate in 1944 when I was serving as Consulting Architect to the Assistant Secretary of War to prepare a competition for the re planning and enlargement of the Military Academy at West Point, N.Y.
