NOTICE OF SUSPENSION OF MEMBERSHIP

To: **Norma M. Fairweather**  
**1337 Dean St.**  
**Brooklyn 16, New York**

It is with much regret that we send to you, and to your chapter secretary, this notice of the suspension of your corporate membership in The Institute, and in its component organizations to which you are assigned—because of non-payment of Institute dues.

This suspension is effective as of December 31, 1960. The sending of this notice has been delayed with the earnest wish that you might take some action in the matter.

The purpose of The Institute in permitting a membership to be suspended at the end of the year for default of dues rather than terminated forthwith is to enable the member in default to *restore his membership within the period of suspension, without applying therefor and without paying a readmission fee.* The period of grace terminates on December 31 of the year next following the date of suspension: in your case, on December 31 of the current year.

At any time during the period of suspension you may restore your membership to good standing by paying to The Institute your defaulted dues.

We sincerely hope that circumstances will make it convenient for you to meet your present obligation to The Institute before December 31, 1961.

The Institute values and needs your active support. The other Officers join with me in the hope that your membership may soon be restored to good standing.

Sincerely yours,

  
SECRETARY

Copy of this notice as "Notice" to the following:

- Peter S. Van Bloem      , Secretary
- New York       Chapter, A.I.A.
- Allen Kacemper      , Secretary
- N.Y. State Assn. Archs.       State Organization Member

This copy of notice to the corporate member named herein is official notice of the suspension of his membership in The Institute and in the chapter to which he is assigned. Please note on your records accordingly.

Until you receive notification of the restoration of membership or of its termination, the member named should be carried on your rolls as a *suspended* Institute member. You will be advised if and when his membership is restored to good standing.

Mrs. Margot A. Henkel, Exec. Secy.  
New York Chapter, A.I.A.  
115 East 40th St.  
New York 16, N.Y.

Dear Mrs. Henkel:

As requested in your letter of December 13th, we are following our required procedure which must be taken prior to the termination or suspension of a corporate membership.

Murray S. Cohen owes A.I.A. dues for 1960 and 1961. As his membership possibly may be terminated for non-payment of Institute dues, we are not advising him of the Chapter's recommendation at this time. If by chance he should pay Institute dues prior to termination, then we shall advise him of the Chapter's recommendation for non-payment of Chapter dues.

The following members listed in your letter for suspension owe for 1960 and 1961 Institute dues. As their membership may be terminated for this indebtedness, we are not advising them of the Chapter's recommendation to suspend their memberships:

Harry L. Brammond  
Joseph M. DeChiara  
Norma M. Fairweather  
Virgilio Monsanto-Diaz

If they should restore their Institute memberships to good standing, then as in the case of Mr. Cohen, noted above, we shall advise them of the Chapter's recommendation.

Trusting that this procedure meets with your approval.

Sincerely yours,

SECTION 1. DIGEST OF CAREER AND ACHIEVEMENTS

Norma Merrick Sklarek Los Angeles California

ARCHITECTURAL PRACTICE

In the three decades since graduation from Columbia University School of Architecture the nominee has devoted her energies to seeking and attaining improved methods of architectural practice. Her work has been on low cost but high quality large building projects and complexes such as multi-level enclosed mall shopping centers, office buildings, hospitals, high-rise apartments and hotels—projects which often included parking structures, pedestrian malls and plazas. These architectural works have been located throughout the United States as well as in foreign countries and have entailed the knowledge and coordination of sophisticated building and mechanical systems for climates and conditions as diverse as the frigid weather found in Minnesota to the floods, landslides and seismic conditions found in California.

EDUCATION

Always questioning, never blindly following tradition, are attitudes natural to the nominee and which have resulted in her establishment of new office practice standards appropriate for very large projects—standards which, though formulated and developed for Gruen Associates, have been used and copied by many other firms. The nominee's professional personality added a human dimension to efficiency, expertise and overwhelming desire for excellence which were guiding principles.

SERVICE

This was always evident by her constant overseeing the professional development of co-workers and subordinates, tutoring, training and encouraging them. Her influence extended beyond the walls of her office through seminars and mock exams sponsored by the SCC/AIA for design examination candidates for registration and also through several years of teaching on the faculty in UCLA's master of architecture program.

Services to the architectural profession through extensive AIA involvement and through serving as a Commissioner on the California State Board of Architectural Examiners have meshed with the nominee's professional work and her work in education. Besides the obvious benefits that have resulted to young architectural aspirants, the nominee's volunteer efforts have been involved with the NAAB accreditation process of three new architecture schools in Southern California—and of vital interest to California architects—have succeeded in having architecture continue as a licensed profession in California by influencing the state government to restore funding for the Board of Architectural Examiners.
